The European Cinema Night is a unique event taking place from 3 to 7 December 2018 in several European cities, to celebrate together the richness of European film culture.

Building upon the initiative of the European Commission of going local, the Creative Europe MEDIA Programme has organised free screenings of MEDIA supported films all around Europe, in order to bring the EU closer to citizens. Besides the screenings, film lovers will have the opportunity to meet filmmakers, film critics and European representatives during different debates. Discussions will allow citizens to learn more about the films but also about how European funds like MEDIA can shape local communities and connect Europeans across countries.

CO-ORGANISED BY

Creative Europe MEDIA is a programme of the European Commission designed to support the European audiovisual industry. It provides funding for the development, promotion and distribution of European films, series, documentaries and videogames within Europe and beyond. It also invests in the training of producers, film distributors, directors, and screenwriters to help them adapt to new technologies. Each year, MEDIA supports around 2,000 European projects.

Europa Cinemas is the first network of cinemas focusing on European films. With the support of Creative Europe MEDIA, it has become in 25 years a network uniting more than 1,100 cinemas (nearly 3,000 screens) in 44 countries. Its main objectives are to provide operational and financial support to cinemas that undertake to give a significant part of their screenings to non-national European films and to put in place activities for young audiences.

+ 7200 PEOPLE TAKING PART

21 MEDIA SUPPORTED FILMS

34 CITIES

27 COUNTRIES

SHARING STORIES WE LOVE
