

DigiKoalice

CZECH REPUBLIC

DigiKoalice contributes to raising the digital literacy of all Czech citizens through the promotion of digital skills in education, and digital skills in the labour market.

This in turn helps the Czech economy increase its competitiveness. DigiKoalice reaches this multipurpose goal by symbiotically connecting cooperating organizations, stakeholders and their activities.

Coordinator

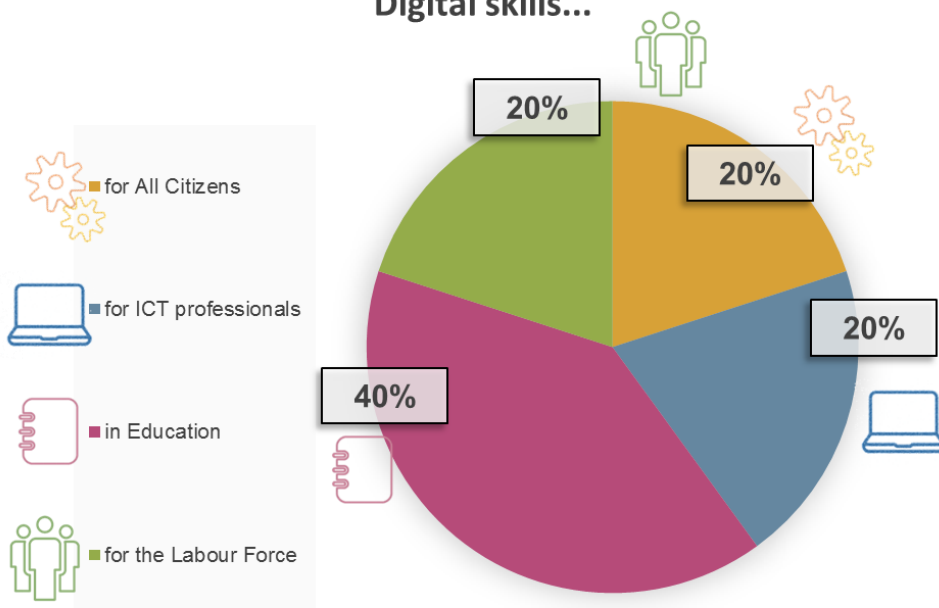

National Institute for Education
Chairman, Ivan Pilný

Digital Champion for Czech Republic

Ondrej Felix

Share of activities by target groups (as %)

Digital skills...

Main achievements and projects

- High and active membership of DigiKoalice, totaling more than 100 members. Members include ICT sector representatives, local authorities, ministries, schools, NGOs, libraries and academic platforms.
- Launch of a [new website](#) which facilitates the process in which members join the coalition, making pledges at the national level and sharing best practices to be replicated at the local level.
- A permanent roundtable for stakeholder dialogue on innovation in education, the quality of digital content in the context of lifelong learning, the initiation of local coalitions and clusters.
