

EUROPEAN COMMISSION

Directorate-General for Communications Networks, Content and Technology

Future Networks
Future Connectivity Systems

Brussels, 5 February 2019
DG CNECT/E1

**5G Strategic Deployment Agenda (SDA)
for
Connected and Automated Mobility (CAM)**

**Stakeholder Workshop
7 February 2019 (10:00-17:00)**

Venue: Centre Albert Borschette
CCAB Room 2.A
Rue Froissart 36, 1040 Brussels

MEETING AGENDA

Welcoming coffee **09:30-10:00**

(1) Opening of the meeting **10:00-10:30**

Introduction by the Commission, Peter Stuckmann, Head of Unit, Future Connectivity Systems (E1), DG CONNECT, European Commission (10 min.)

Next “Connected Europe Facility” to boost 5G investment, Carlota Reyners Fontana, Head of Unit, Investment in High Capacity Networks (B5), DG CONNECT, European Commission (10 min.)

Presentation of the outline of the draft SDA outline (will be distributed before the event), by Mikael Fallgren, Chair Automotive WG of the 5G PPP (10 min.)

(2) Panel 1: CAM objectives & deployment scenarios **10:30-12:15**

Objectives and deployment scenarios from the perspective of the various stakeholders as well as from public policy perspective. Particular focus on the role and mapping of pan-EU 5G corridors.

What is the best agenda and geographical roll-out (mapping) to deploy uninterrupted 5G coverage along main transport path?

Where do the 5G corridors fit in the strategy?

What kind of infrastructure and service features are required?

Panellists:

Maxime Flament, CTO, 5G Automotive Association

Erik Jonnaert, Secretary General ACEA

Dr.-Ing. Jochen Langheim, STMicroelectronics

Steve Phillips, Secretary General, Conference of European Directors of Roads

Afke Schaart, VP GSMA Europe, EATA Vice Chair

Moderator: *Eddy Hartog, Head of Unit, Smart Mobility & Living (H5), DG CONNECT, European Commission*

Lunch break (60 min)

12:15-13:15

Networking coffee session

13:15-13:30

(3) Panel 2: Cooperation models and investment strategies building on CEF support 13:30-15:00

How can connectivity for CAM be financed: discussion of the possible models matching the different categories of services and geographical areas (telco investing, co-investment telco/automotive sectors, multi-party investment including road operators, Member States, etc)

What are the expected sources of revenues and cost elements?

What role for public financing? What cooperation options under CEF?

Panellists:

Alessandro Coda, Chief technology Officer, CLEPA

Mirela Doicu, Government Relations & Public Affairs Director, Nokia

Edwin Fischer, Strategy & Technology Innovation, Deutsche Telekom AG

Lise Fuhr, Director General, ETNO

Dr. Joachim Goethel, Senior Manager for Project 5G Alliance at BMW Group, BMW Group

Andres Laya, Experienced Researcher, Ericsson, Sweden

Elio Salvadori, Director at Fondazione Bruno Kessler, 5G Carmen Project

Moderator: *Peter Stuckmann, Head of Unit Future Connectivity Systems (E1), DG CONNECT, European Commission*

(4) Panel 3: Regulatory innovation to facilitate 5G CAM 15:00-16:30 deployment

Debate on modern regulatory tools to facilitate deployment strategies such as spectrum or infrastructure sharing, co-investment and wholesale models, access to fibre backhaul, specialised services, coverage obligations, national or EU roaming obligations for safety services, security certification schemes, etc.

Panellists:

*Valters Bajars, Director, Communications Department
Ministry of Transport of the Republic of Latvia*

*Juan José Arriola Ballesteros, Head of Autonomous &
Connected Mobility, Directorate General for Traffic, Spanish
Ministry of Home Affairs*

Maxime Forest, ARCEP

*Robert MacDougall, Head of Enterprise Public Policy,
Vodafone Group*

*Anne-Lise Thieblemont, Senior Director, Government
Relations, Qualcomm*

Moderator: *Carlota Reyners Fontana, Head of Unit,
Investment in High Capacity Networks (B5), DG CONNECT,
European Commission*

**(5) Next steps and planning of further stakeholder involvement - 16:30-17:00
Close of meeting**

Commission and SDA drafting core team will propose the way forward to meet the agreed agenda and time frames.

SDA development group representatives:

Mikael Fallgren, 5G PPP,

Maxime Flament, 5GAA

Javier Albares, GSMA

Close by Commission (end timing will be strictly abided to)

Additional background information on the SDA will be made available on Tuesday 5 February, on the [event's web page](#)

Notes:

- Working language will be English (there will be no interpretation available)
- There is no set lunch arrangement offered. However, there is a self-service restaurant on the top floor of this Commission building, with a wide selection of meals, including special dietary requirements.
