Sustainable Arctic Cruise Tourism

Association of Arctic Expedition Cruise Operators (AECO)

Ilja Leo Lang, Office Manager Denmark
– Association of Arctic expedition cruise operators and associates
– 45 members, 26 of which operate approximately 30 expedition cruise vessels all over the Arctic
– AECO’s objectives is to Ensure that expedition cruises and tourism in the Arctic is carried out with the utmost consideration for the fragile, natural environment, local cultures and cultural remains, as well as the challenging safety hazards at sea and on land.
AECO members have an obligation not only to operate in accordance with local, national and international laws and regulations, but also to comply with AECO’s guidelines.
AECO’s core areas are Svalbard, Jan Mayen, Greenland, Canada and the national park “Russian Arctic” (Franz Josef Land and northern Novaya Zemlya)

Geographic area = the IMO definition of the Arctic

- 60 degree north, with some exceptions
