

THE MAIN IDEA

- Make educational opportunities accessible for all, especially for learners with learning impairments
- Requires customization of classic conceptions of mobilities
- Supports continuous accompaniment of students

INTELLECTUAL OUTPUTS

Students' Navigator App

- Accompanies students during the whole process of mobilities
- Acts as a communication tool between teachers, students and friends

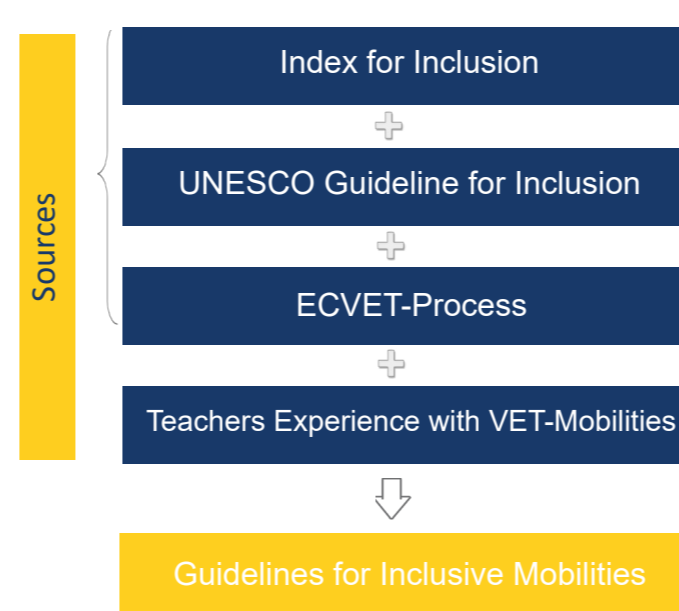

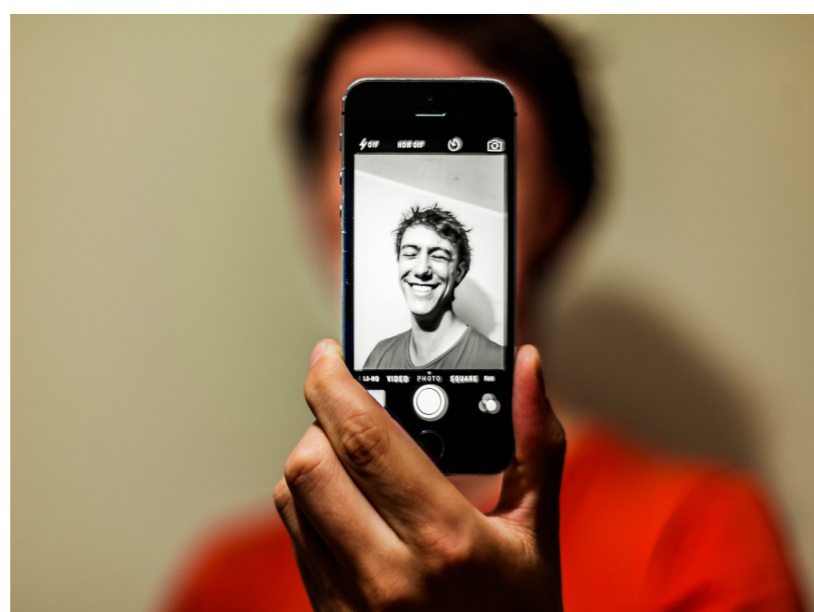

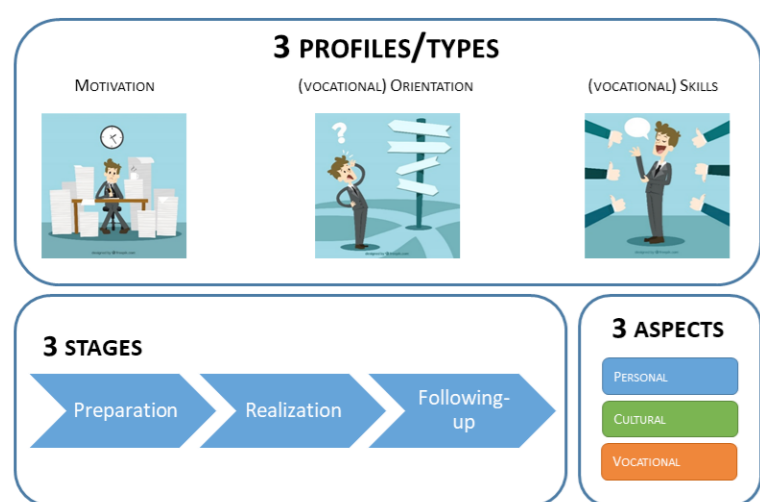

Video-Based Self-Presentation

- Videos which can be used for job applications
- Photos and videos from Students' Navigator as a basis

Guidelines for Inclusive Mobilities

- Framework for inclusive mobilities
- Usable for institutions, teachers and students

3 PROFILES – 3 STAGES – 3 ASPECTS

BENEFITS...

Students

- Benefit from accompaniment of Students' Navigator
- Acquire reflection and self-awareness skills
- Develop social competences and boost their confidence
- Connect their internship with labour market

Teachers

- Implement new elements of mobility into curriculum
- Support students through new role as mentors
- Provide individual guidance for each student

VET System

- Recognition of mobilities for students with learning impairments
- Helps students in transition from school to worklife
- Change of structures, content and methods of VET and vocational preparation
