This journal will be your record of taking part to the 3rd International Project Meeting - *Hooked on books*. We hope you enjoy Finland, our school and meeting with the others who are already part of the secret that reading can be fun!

Write down your own diary of the program, comment, reflect and evaluate the events, places, people you meet on these far too brief happy days, and later it will remind you of everything you found important to remember.

Anni, Heljä, Pekka & Päivi
