Introduction

The following describes the application process for prospective applicants when applying for an EU grant under the Erasmus+ Programme. Applicants can use the Erasmus+ Forms specific for each Action and these are available, in general, on the website of the European Commission, and in certain cases on the website of the National Agencies. <td>1. Before applications can be filled, the applicant must have an EU login. The EU Login Authentication Service (previously ECAS) is a single point for user authentication to a wide range of Commission information systems. <td>The Organisation ID is a unique identifier and is necessary for the submission of applications. It enables the organisation/group to fill in the Erasmus+ electronic application forms in a simple manner (i.e. by inserting the Organisation ID in the form, all the information provided by the organisation/individual at registration stage will be automatically displayed in the form).</td>

6. All applications received by the National Agencies undergo an evaluation procedure. Project proposals are assessed by the Agency receiving the application, exclusively on the basis of the criteria described.

At the end of the evaluation procedure, the National Agency decides on the projects to be granted. Once the selection process is complete, the NA will contact the organisation or individual in regards to the outcome of the selection process.
