ERASMUS+ 2016 IN NUMBERS

Erasmus+ strengthens education and youth systems and improves employability through funding for education, training, youth and sport. Between 2014 and 2020, Erasmus+ will give 3.7% of young people in the EU a chance to study, train, volunteer or gain professional experience abroad. The budget for Erasmus+ was €2.2 billion in 2016. National Agencies are responsible for managing most parts of the programme in each country.

STUDYING, TRAINING AND VOLUNTEERING ABROAD

Erasmus+ helps people of all ages and backgrounds develop and share knowledge and experience at institutions and organisations in different countries. It enhances skills and intercultural awareness and helps people become engaged citizens.

In 2016, 2,400 participants in 96 Icelandic projects benefited from mobility in higher education, vocational education and training, school education, adult learning and youth for a total grant amount of €4.13 million.

COOPERATION PROJECTS

Cooperation between schools, universities, youth organisations, public authorities and enterprises helps create more relevant and modern education and youth systems, with stronger links between the worlds of work and education.
