Conclusions of RoboLaw project on Regulating Emerging Robotic Technologies in Europe: Robotics facing Law and Ethics have been presented at the workshop 'Upcoming issues of EU law', organised by the JURI Committee of the European Parliament.

RoboLaw project coordinator Prof. Erica Palmerini and RoboLaw researcher Dr. Andrea Bertolini of the Scuola Superiore Sant'Anna, Italy, have been invited to present a paper on the main findings of the RoboLaw project (Regulating Emerging Robotic Technologies in Europe: Robotics facing Law and Ethics) at the workshop 'Upcoming issues of EU law', organised by the JURI Committee of the European Parliament. The conclusions of the project have been also profiled in an article of the Economist.
