

Published on *Horizon 2020* (<https://ec.europa.eu/programmes/horizon2020>)

Wednesday, 26 September, 2018

This report considers issues related to the criteria and indicators that might be used to define targets for future “Widening Actions” designed to address inequality in research and innovation performance across EU Member States. Under Horizon 2020, this has been the focus of the “Spreading Excellence and Widening Participation” Work Programme.
