Wednesday, 7 August, 2019

Altfinator Project aims to increase the capacity of the financial ecosystem to improve innovative SMEs' access to alternative finance in Europe. As part of its activities, Altfinator is launching the first edition of its massive open online courses on Alternative Finance. The goal is to help participants navigate the world of Alternative Finance and Fintech. The course is designed to provide both basic and advanced knowledge about crowdfunding, invoice trading, VC, risk assessment, or fintech.
