</tbody>
</table>

**ITEM (Annual cross-border impact assessment)**

- **Application**: Assessment of cross-border effects of relevant European, national and regional legislation/policy
- **Decision phase**: Ex ante and ex post
- **Objective/focus**: Mapping of negative effects of laws and policies on border mobility for a specific Euregional Situation Benelux/Germany
Impact?

on the objectives and principles of European Integration
(freedoms, citizenship, non-discrimination)

on the socioeconomic development/
sustainable development of the Euregion

on Euregional cohesion and cross-border governance structures (cooperation with governmental agencies, private citizens, the business sector, etc.).
