BREAK OUT SESSIONS:

Strategic Framework Regeneration of deprived neighbourhoods Shrinking cities

Animator: Sandra Marin Animator: Daniela Patti Animator: Sergio Barroso

11:30– 13:30

Participants of the session will gain knowledge and capacity on the relevance of following international reference frameworks to achieve strategic and measurable plans to tackle their local needs and challenges

Polarization of wealth is most concentrated in urban areas and leads to further segregation and social exclusion. This seminar will focus on EU funds' investments in regeneration of deprived areas and challenges faced by both local authorities and communities.

The aim of this session is to identify major challenges and opportunities in cities losing population based on European evidence and on the experience of some cities in order to build sustainable urban strategies for post 2020 cohesion policy.

The session includes two case studies.

The session includes two case studies.
