

Ensuring result-orientation in Operational Programmes 2014-2020

25-26 January 2016

Structure of seminar

Day 1:

Intervention logic / result-orientation

Generating and selecting good projects

Day 2:

Monitoring and reporting

Evaluation Plans and evaluations

Intervention logic , specific objectives and result-orientation in 2014-2020

**Trainer: Robin Smail
Independent Consultant &
Visiting Expert EIPA**

Partnership agreement

European
Commission

Structure of Programmes and **result-orientation** – an intervention logic

OP	CSF Fund	Thematic objective (ex ante conditionality shown)	Priority axis	Investment priorities	Specific objectives for investment priorities	Operations (Activities) Interventions	Indicators
OP1: Competitiveness through innovation and company growth	ERDF	RTD and Innovation	priority axis 1	Investment priority 1	Specific objective 1	Actions, contributing to objective	Common and Programme-specific RESULTS for SPECIFIC OBJECTIVES with BASELINE and TARGETS OUTPUTS OF OPERATIONS with TARGETS
					Specific objective 2	Actions	
				Investment priority 2	Specific objective 1	Actions	
		ICT	Priority axis 2				
		SME support	Priority axis 3				
Priority axis 4							
OP2: infrastructure	ERDF	Sustainable transport	Roads				
			Rail				
			Ports and waterways				
	CF	Low carbon economy	Energy				
OP3: Human Resources	ESF	Promoting employment	Priority axis 1				
			Priority axis 2				
		Social inclusion	Priority axis 3				
	Promoting employment						
	ERDF	Promoting employment	Priority axis 4				

Intervention Logic for Each Priority Axis

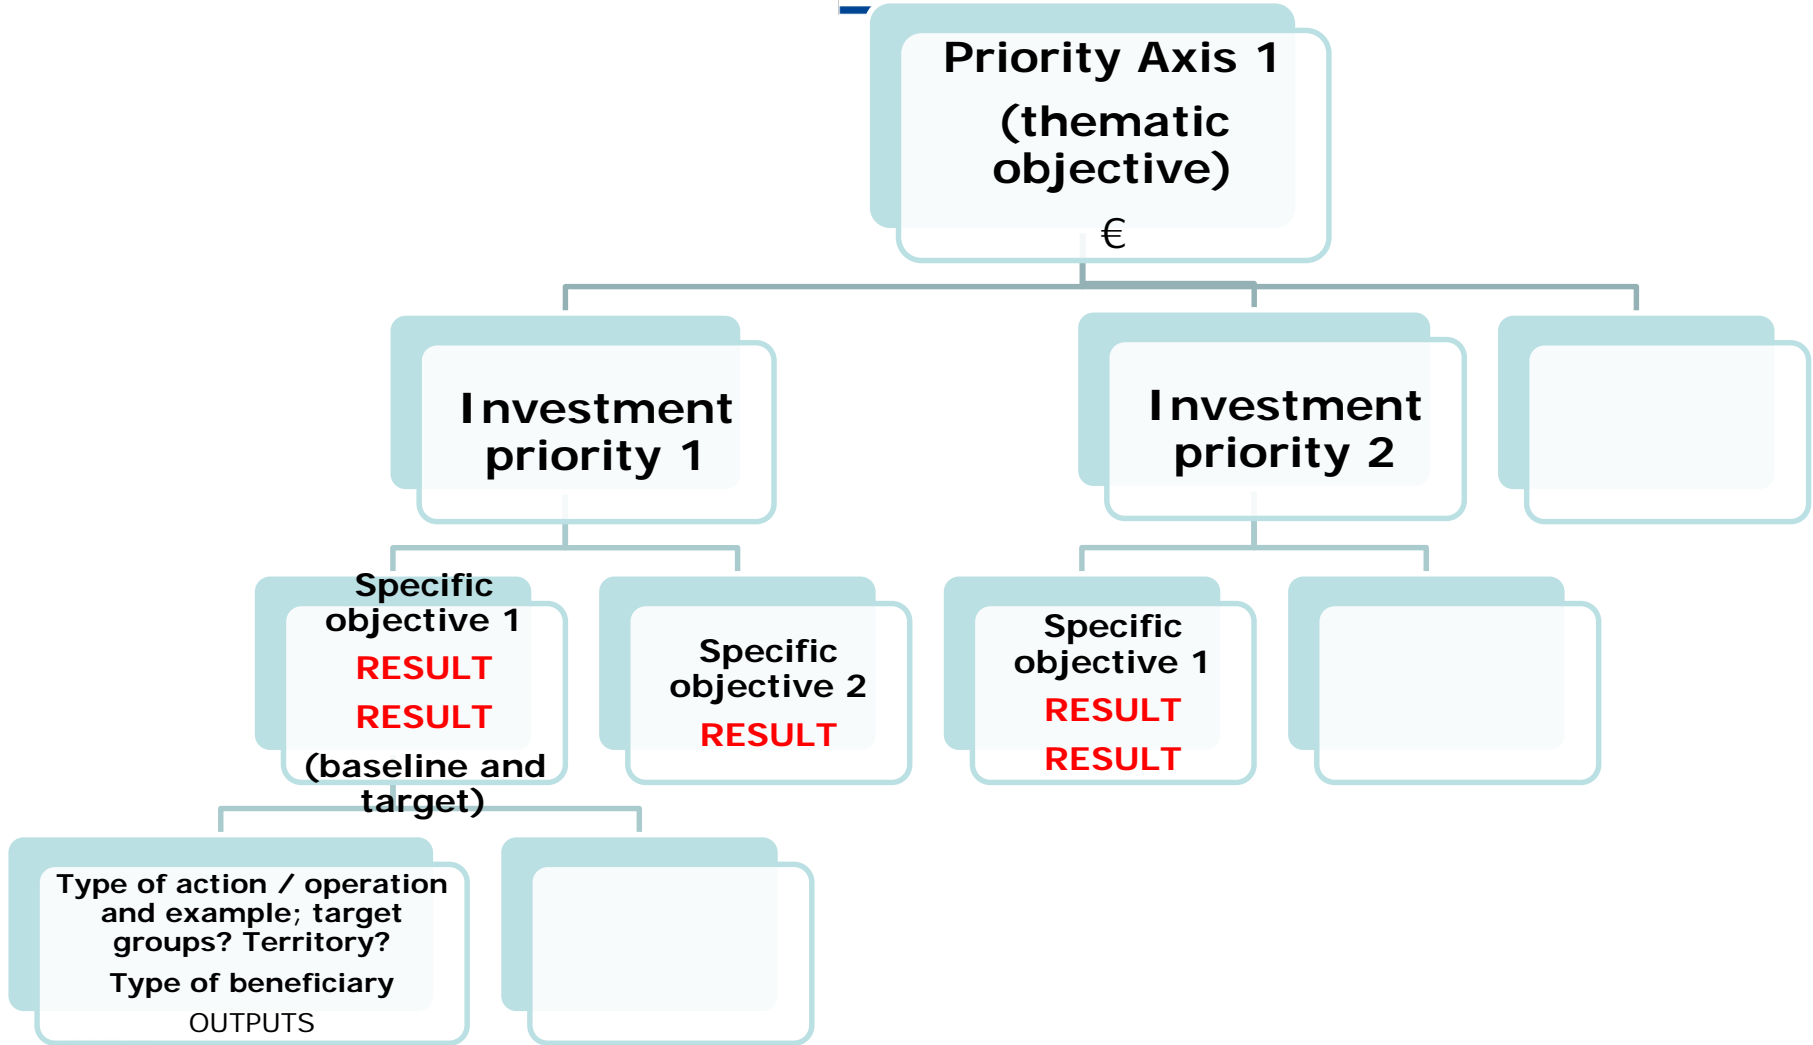

- **Justify choice of thematic objectives, investment priorities and financial allocations...**
- on the basis of regional/national needs and challenges of CSRs...
- **expected results for the specific objectives...**
- **type of action under each investment priority and expected contribution to specific objectives...**
- ***guiding principles for the selection of operations***

Article 96, Common Provisions Regulation

Investment priorities will have specific objectives, measured in terms of results to be achieved... (Article 96, CPR)

European Commission

Performance framework uses outputs...

Priority	Indicators (and unit of measurement)	Milestones for 2018	Targets for 2023
ERDF: P1	<ul style="list-style-type: none"> •Spend (€)* •Output – eg. no. new companies assisted •Stage of project / initiative 	<ul style="list-style-type: none"> •Financial; •Output; •Key implementation step 	<ul style="list-style-type: none"> •Financial; •Output; •(Result)
P2			
P3			

Priority	Indicators	Milestones 2018	Targets 2023
ESF: P1	<ul style="list-style-type: none"> •Spend (€)* •Output – eg. no. of trainees (by age group etc.) •Result - eg. no. with jobs; no. active in labour market 	<ul style="list-style-type: none"> •Financial; •Output; •Result 	<ul style="list-style-type: none"> •Financial; •Output; •Result
P2	(NB: *Spend = total certified eligible expenditure)		

indicators for programmes, 2014-2020

OUTPUT

- *measures units of activity of an operation*
- *goods or services purchased by expenditure*
- *first concrete effect of expenditure*

Examples:

- *No. of training courses*
- *No. of participants*
- *Km of road*
- *No. of companies assisted*

RESULT

- *measures the change sought by the specific objective*
- *measures the ability to achieve the specific objective*
- *the knock-on effect, enabled by outputs*

Examples:

- *no. of course completions with qualifications*
- *no. active in labour market*
- *no. into employment*
- *travel time-saved*
- *accident rates*
- *No. of companies expanding into new markets*
- *No. of new company-research links*

- *PROGRAMME indicators:*

- impact = intermediate and final
- result = results OR outcomes
- output = outputs
- resource / financial = expenditure

- BASELINE is starting point situation*

- TARGETS reflected your objectives

- EU list of **core indicators** (see SFC2007), for aggregation of different operations and activity groups

2014-2020: orientation towards results

- ✓ output indicators
- ✓ result indicators
- X dropping impact indicators
- ✓ core indicators replaced by **COMMON** indicators (listed on SFC2014)
- ✓ require quantified targets

2014-2020: orientation towards results

- indicators need a **baseline** (starting) value for ERDF / CF / ESF; for ESF, it may be a reference value based on previous experience / studies*
- baseline for outputs=0
- set targets for outputs and results
- ERDF/Cohesion Fund: **COMMON** indicators are all defined as output indicators...
- ESF: **COMMON** indicators are output **and** result indicators
 - outputs are basic information on participants; & number of projects
 - results are achievements (immediate and longer-term)

ESF Common and programme specific indicators, 2014-2020

European
Commission

OUTPUTS

- ESF participants: unemployed? inactive? age? education? migrant? disabled?
- Numbers of projects (by social partners etc.)
- Number of enterprises supported (eg. social economy)
- Numbers of trainees from target group
- Numbers of curricula developed
- Numbers of new job and vacancy sites

RESULTS

- *Immediate: active/ training / qualified/ employed on leaving/disadvantaged, and as above*
- *YEI: as above, after completing YEI supported intervention*
- *Longer-term: employed 6 months later etc.; as above, older/disadvantaged*
- *YEI: as above*
- *Numbers gaining qualifications*
- *Number of curricula introduced*

Annex I

- (1) Output indicators on participants – employment status, age, education, disadvantage
- (2) Output indicators on entities – types of projects, by sponsor, target group; enterprises supported

-
- (3) Immediate result indicators – upon leaving - becoming active, into education or training, in work (disadvantaged?)
 - (4) Longer-term result indicators – 6 months after leaving – in work (over 54, disadvantaged?)

Annex II : YEI indicators

- (1) Immediate result indicators – unemployed, LTU, inactive – completing; offer, education or training, in work upon leaving
- (2) Longer-term result indicators – 6 months after leaving – in work or education and training

ERDF Common and programme specific indicators, 2014-2020

European
Commission

OUTPUTS

- no. of projects; no. of companies assisted; no. of companies cooperating..
- *matching private investment (€m)*
- km of new or upgraded road or railway line/tram/canal
- waste recycling capacity (tonnes); energy generation capacity (MW); m² provided/renovated; hectares prepared land; households connected/population benefitting
- capacity of infrastructure for services (persons)
- employment in supported enterprises
- FTE/Researcher posts in enterprises supported
- *Tourist visits to supported projects*
- *Reduction of energy consumption or greenhouse gases*

RESULTS

- *jobs created in SMEs*
- *freight carried; passenger trips*
- *no. of new products introduced to market*
- *no. of tourist visits to area/region*
- *travel time saved, accident rates*
- *companies accomodated*
- *energy intensity in sector*
- *use of e-business / e-health services /*
- *new products exported*
- *new business survival rates (2 yrs)*
- *utilisation rates / productivity*
- *investment in region / sector*

Cohesion Fund Common and programme specific indicators, 2014-2020

European
Commission

OUTPUTS

- km of new or upgraded road or railway line/tram/canal
- waste recycling capacity (tons); renewable energy generation capacity (MW); hectares prepared land
- Population /additional population or households connected or linked to service or benefiting from investment; additional users
- Reduction of energy consumption or greenhouse gases

RESULTS

- freight carried; passenger trips
- travel time saved, accident rates
- energy intensity in sector
- cleanliness of beaches or water courses

Indicators listed in Operational Programmes

- ✓ RESULT indicators (with ID numbers) for each Specific Objective, by Investment Priority
- ✓ OUTPUT indicators (with ID numbers), by Investment Priority
- ✓ Plus Performance Framework Indicators (with ID numbers) (by priority axis)

Implementing Regulation 288/2014, Annex I, Tables 3 to 6

Categorisation of interventions

Data collection & maintenance

- ✓ **CATEGORIES of INTERVENTION** – codes in tables relating to field, financing, territory, theme etc. (Implementing Reg. 215/2014, Annex I)
- ✓ **Monitoring system project data for all OPERATIONS** (Art.125.2(d), CPR and Annex III of Delegated Reg. 480/2014, 3.3.2014), including the categories of intervention as above
- ✓ **data on ESF PARTICIPANTS** (as above, and Annexes of ESF Reg.)

Performance Framework and performance review

Performance framework uses outputs...

Priority	Indicators (and unit of measurement)	Milestones for 2018	Targets for 2023
ERDF: P1	<ul style="list-style-type: none"> •Spend (€)* •Output – eg. no. new companies assisted •Stage of project / initiative 	<ul style="list-style-type: none"> •Financial; •Output; •Key implementation step 	<ul style="list-style-type: none"> •Financial; •Output; •(Result)
P2			
P3			

Priority	Indicators	Milestones 2018	Targets 2023
ESF: P1	<ul style="list-style-type: none"> •Spend (€)* •Output – eg. no. of trainees (by age group etc.) •Result - eg. no. with jobs; no. active in labour market 	<ul style="list-style-type: none"> •Financial; •Output; •Result 	<ul style="list-style-type: none"> •Financial; •Output; •Result
P2	(NB: *Spend = total certified eligible expenditure)		

Performance framework

- measuring progress and success – indicators
 - where 1 or 2 indicators per priority, all must reach 85% of milestone or target
 - where more than 2 indicators per priority, all but one must reach 85% (the other must reach 75%)
- measuring progress and “serious failure” – indicators
 - where 1 or 2 indicators per priority, where either fails to reach 65% of milestone or target
 - where more than 2 indicators per priority, at least 2 do not reach 65% of milestone or target

Priority	Indicators (choose unit of measurement)	Success	“Serious Failure”	Final (2023) Achievement/ Absorption Coefficient	Correction scale (on final values)
P1	1 or 2 indicators used Financial (F) Output (Q) Result (R)	All indicators reach 85% of milestone or target	any indicator does not reach 65% of milestone or target	Calculate average achievement rate (A) of both indicators Divide by S (absorption rate of €)	60-65%: Flat 5% financial correction to priority contribution 50-60%: Flat 10% financial correction
P2	More than 2 indicators used Financial (F) Output (Q) Result (R) Key Implementation step (K)	All indicators reach 85% of milestone or target OR all but one reach 85%, 75% for the other	2 indicators do not reach 65% of milestone or target	Average achievement rate (A) of all indicators Divide by S (absorption rate of €)	Below 50%: Flat rate 25% financial correction Correction rates can be reduced by up to 50%
Note:	Q and R and K correspond to more than 50% of priority €	By priority, assessed for each Fund, each category	YEI assessed separately	A and S are both = final value / target value
