European Structural and Investment Funds (ESIF) - explore our data

ABOUT THIS TOOL

This platform provides access to information on financing and expected achievements under the different ESI Funds (2014-2020). The data relates to the 551 programmes as at the beginning of November 2015. It will be updated in 2016.

USE THIS TOOL ...

... to explore the data by choosing one of the 4 options above. They give insights into planned investment aggregated at EU level, at Member State level, by theme or by fund. Data sets can be visualised, embedded in other sites or downloaded to analyse.

1. Finances: EU Budget overview
(similar graph for each theme, MS)

The total national co-financing and total financing is visible using the filters provided above. The planned EU financing over the period 2014-2020 is presented below broken down by major theme and then by the country allocations. (Full details are available on the link "Explore and share this dataset").
2. Themes = Thematic Objectives

Exploring the Data by Themes

Through the filters above you can explore the distribution of finances and expected achievements (targets) under the eleven "thematic objectives" set for the European Structural and Investment Funds for 2014-2020.
**Fund: European Regional Development Fund**

This platform currently presents expected achievements (targets) set for common indicators defined for the different ESI Funds. The lists of indicators by fund can be selected using the filter provided above. Clicking on the indicator tiles below provides a longer description of the indicators and a visualisation of the data available. (For more information on the indicator definitions by fund please go to the "Related Information" section on the fund specific pages.)

Achievement lists lead to visualization by MS.
Achievements

- Selected common indicators will be displayed
- The common indicators are direct outputs or in some cases (immediate) result indicators
- The value shown is the target achievement for the end of the period (later achievements values will be made available)
- For some funds targets were not a requirement so common indicators are partially available
- In any case common indicators represent many but not all of the expected actions to be financed

Austria  Belgium  Bulgaria  Cyprus  Croatia
Czech Republic  Denmark  Estonia  Finland  France
Germany  Greece  Hungary  Interreg  Ireland
Italy  Latvia  Lithuania  Luxembourg  Malta
Netherlands  Poland  Portugal  Romania  Slovak Republic
Slovenia  Spain  Sweden  United Kingdom

Exploring the Data by Country
The filters above allow you to explore how each country benefits from investments under the different ESI Funds, the thematic allocations and the planned achievements in each country. A filter is also included for the Interreg programmes funded by the ERDF to support cross-border, trans-national and inter-regional co-operation across Europe. In 2016 the platform will give access to programme level detail for all 531 programmes.
Member State - page contents

1. Financial allocation
   • Pie chart of fund breakdown
   • Allocation by Thematic Objective

2. Achievements
   • Selected Common Indicators presented with target values (filtered by Fund)

   • Links to Programme pages (For Phase 2 in early 2016)

Explore data by Fund

European Regional Development Fund
European Social Fund
Cohesion Fund
European Agricultural Fund for Rural Development
European Maritime & Fisheries Fund
Youth Employment Initiative

Exploring the Data by Fund
Through the filters above you can explore the distribution of finances and (selected) planned achievements under the different European Structural and Investment Funds. Five Funds make up the ESI Funds: the ERDF, CF, ESF, EAFRD, and EMFF. There is also a dedicated allocation to the Youth Employment Initiative under the ESF.
Platform Functionalities

Software

• Visualisations – filtered
• Access to data – Download, revisualise, share, embed

Future plans

• OP level detail
• Update finances for (re)programming / expenditure
• Update achievements for implementation
