Bankwatch
Network

Bankwatch involvement in the JT process

- From the beginning of the JTF (programming + implementation)
- Present in 8 countries in the CEE region
- Covering local, regional, national and the EU levels
- Strong presence at EU-based events e.g. Just Transition Platform
- [Dedicated website: Just Transition \(just-transition.info\)](https://just-transition.info)
- Regular webinars "Navigating Just Transition"
- [EU Teens4Green project](#) – youth involvement in the JT regions

Just Transition Fund – implementation phase

- Strong added value of the regional focus of the fund
- JT subcommittees in some of the regions – more targeted decisions
- Support needed for the MS/JT regions:
 - Capacity-building
 - Increased amounts of trained staff with knowledge
 - More time to implement the projects
 - More transformative project ideas and concepts
 - Expert technical support

Thank you!
