

Support for the 2021-2027 intervention logic, selection of common indicators

- The **Questions and Answers** excel document will be updated on 20/12 with all questions that have been submitted **since October**
- The Questions have predominantly focused on the use of specific common output and result indicators
- We are also planning to add a more interactive FAQ on the SFC portal, under 'Support Material' and 'Monitoring' : <https://ec.europa.eu/sfc/en/2021/support-ms/gen>

The screenshot displays the SFC SUPPORT PORTAL interface. At the top, there is a header with the European Commission logo and navigation links: "About Europa site", "Europa site legal notice", "Contact us", and "IT security & Privacy notice". The main title is "SFC SUPPORT PORTAL" with the subtitle "System for Fund Management in the European Union". Below this, there is a breadcrumb trail: "European Commission > SFC > 2021 > Support Materials MS". A navigation bar includes tabs for "SFC2021", "SFC2014", and "SFC2007", along with links for "About SFC2021", "News", "SFC2021 Access", "Support Material", "WebServices", "MS Liaison Area", and "Contact".

The main content area is titled "Support Materials MS" and features a search bar and a "Switch to EC" button. A sidebar menu lists categories: "General", "Strategic Planning", "Programming", "Application (EGF)", "Monitoring" (with sub-items "ESF Monitoring FAQ" and "ERDF/CF/JTF Monitoring & Evaluation"), and "Utilities". The "Documents" icon is highlighted. Below the sidebar, there is a table of documents:

Title	Description	Date
 Staff Working Document	The Commission services published a staff working document describing the approach to performance, monitoring and evaluation of programmes funded by the European Regional Development Fund (ERDF), the Cohesion Fund (CF) and the Just Transition Fund (JTF) for the period 2021-2027. The document is intended primarily for national and regional programme authorities. It set out how the new rule book provides for a systematic approach to performance and sets out the context in which the common output and result indicators in the fund regulations will be used. The descriptions of the common output and result indicators (metadata) are annexed to the working document in order to guide the programmes in the use, collection and reporting of reliable performance monitoring data.	04 - Oct - 2021
