You will find below a list of questions received for this call for proposals. Please note that the present document aims to complement and clarify the call for proposals and does not replace it. A Q&As document will be periodically published; applicants are invited to check this website regularly.

Q1. Can you, please, tell me what is expected to be explained under 1/e): Arrangements for monitoring/supervision of the operation and risks involved in its implementation? According to the manual, the applicant should explain how the [action]/ [work programme] will be supervised, but actually, we have no idea what does it mean. The second part of the question [risks involved] is clear.

A1. Under par. III, e/1 of the application form, the applicant should provide a detailed description of the action and its implementation phase also specifying the planned arrangements for monitoring and supervise the activities proposed.
