'Support for information measures relating to the EU Cohesion policy'

Questions & Answers (Q&As)

15/05/2018

You will find below a list of questions received for this call for proposals. Please note that the present document aims to complement and clarify the call for proposals and does not replace it. A Q&As document will be periodically published; applicants are invited to check this website regularly.

Q1. We have already presented a project for last year's call, no. 2017CE16BAT063. Since the call has been re-opened so soon after the last one we were wondering what our options would be. Could we submit our old proposal without any changes since it was close to being funded? Or could we present the same project incorporating the changes by taking into account your feedback letter?

A1. As mentioned in the call 2018CE16BAT042, applicants who participated in the call launched by the European Commission in 2017 (Call for proposals 2017CE16BAT063, "Support for information measures relating to the EU Cohesion policy") are eligible notwithstanding the outcome of their previous application. However, applicants should use the new application form. Please note that, in the context of the new call, the grant amount is maximum EUR 300 000 (not 500.000 as was the case for the previous call). We would strongly advise any previous applicants that decide to apply again to take into account the feedback received from the Evaluation Committee and modify their application accordingly.
