PPP not business as usual?

• “Programme-like “approach

  • Recurrent calls, defined budget
  • Selecting priorities at European level jointly with all stakeholders through a roadmapping process

→ coherent approach
Technologies and challenges?

• Systemic approach should be kept
  → No preferred chapter

• From generic issues to specific products / services
  • Envelop/materials
  • Equipment / systems
  • Concepts

• Do not forget methods / tools / concepts
  • Innovation needs to be assessed
Technologies and challenges?

• Some other thoughts
  • Renovation of buildings is still a major challenge
  • Urban aspects
  • Interactivity
    • City
    • Grids
    • Users
  • Embodied energy
