Personalised services

The Funding & Tenders Portal allows each user to have access to a personalised space, based on 3 main elements:

- Each user is supposed to have a **unique EU Login account**, which is the **unique identifier for persons** (linked to their professional email address).
- Each EU Login account is linked to one (or more) **PIC number(s)**, which are the **unique identifier for organisations**.
- Each EU Login account is linked to all the roles that the user has in projects and/or organisations through IAM. **One user can have as many roles as necessary.**

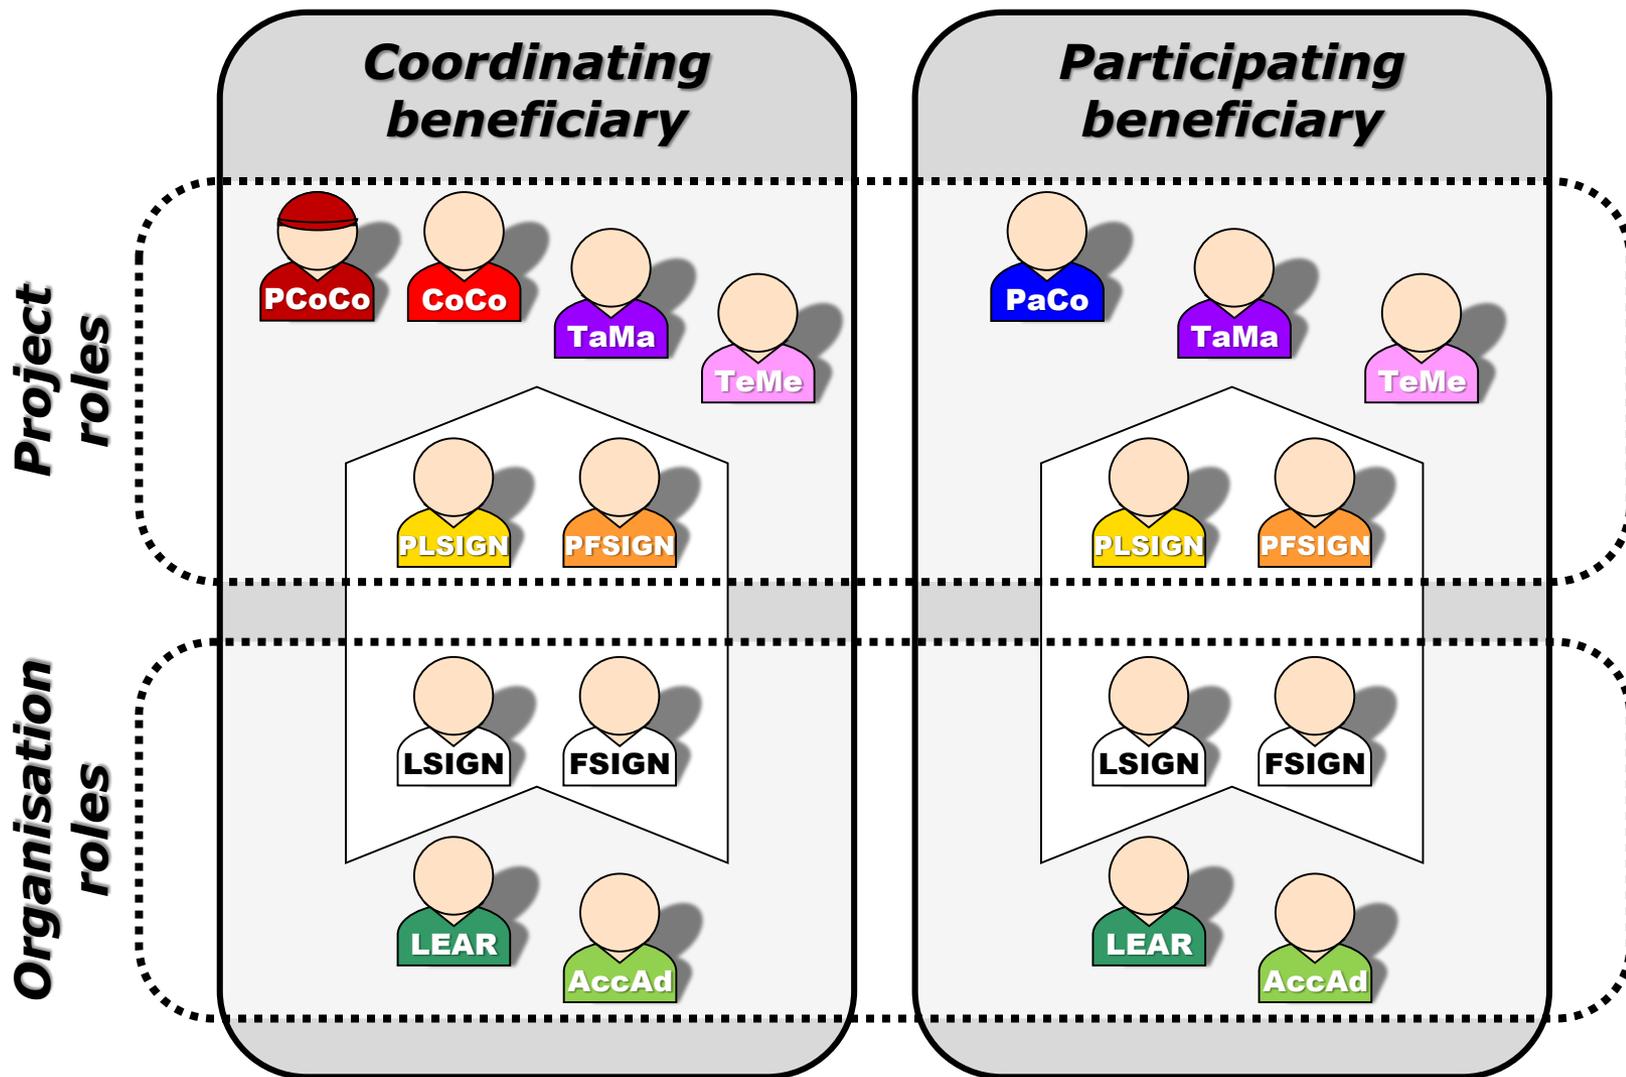

The Identity and Access Management

- The **I**ntity and **A**ccess **M**anagement allows us to define and/or manage changes of **access rights of users of the Funding & Tenders Portal.**
- It gives **a personalised and secure access to the different services** of the Funding & Tenders Portal.
- Minimum involvement by the Commission/Agency staff allowing for **flexibility in the online management of the consortium.**
- **Any change in the roles of the users is saved** to allow a monitoring & tracking service.

The nomination process: “Original roles”

Some roles are automatically provisioned in the early stages of the Project (“original roles”) as follows:

- The **proposal initiator in the proposal submission phase** will automatically be recognised by the Commission as the **Primary Coordinator Contact**.
- The **"Main Contacts" of the participating organisations** identified during **proposal submission** will become **Participant Contacts** at the beginning of the grant preparation.
- The **LEAR is validated by the Commission** during the validation process of his/her organisation.

The nomination/revocation process

The nomination/revocation process: how to nominate/revoke someone?

To grant a role, the e-mail address of the "new user" will have to be filled in; **this e-mail address should be the same as the one used for the EU Login account** of the "new user".

If this "new user" has no EU Login account, he/she will automatically receive an invitation to create his/her EU Login account.

The nomination process: LSIGN/FSIGN

1. The **LEAR (or Account Administrators)** nominate as many LSIGNs/FSIGNs as they want.

At this stage, the FSIGN cannot do anything, while the LSIGN has read-only access to the organisation's data and lists of projects, proposals & roles.

The nomination process: LSIGN/FSIGN

2. The **(Primary) Coordinator Contacts / Participant Contacts** need to assign to their project as many LSIGNs/FSIGNs for their own organisation as needed.

The PLSIGN and PFSIGN now have their own access to the tools.

What are calls for proposals?

With calls for proposals the Commission selects, on a competitive basis, organisations or natural persons to implement projects co-financed by EU because these projects contribute to EU policy aims

In a nutshell:

- Advance payments allowed
- Reimbursement for real costs

What are calls for tenders?

With calls for tenders the Commission aims to purchase goods, services or works in exchange for payment of an agreed price.

In a nutshell:

- Payment to agreed conditions and price
- Delivery of goods, services or works in compliance with predefined requirements
