Self-evaluation form

Societal challenge 1

Personalising health and care

Call identifier: H2020-PHC-2014-single-stage

Research and innovation actions

This form is made available to applicants who may themselves wish to arrange an evaluation of their proposal (e.g. by an impartial colleague) prior to final editing, submission and deadline. The aim is to help applicants identify ways to improve their proposals.

The forms used by the experts for their evaluation reports will be broadly similar, although the detail and layout may differ.

These forms are based on the criteria, scores and thresholds applicable to the Personalising Health and Care PHC call for topics PHC-07, PHC-08, PHC-15, PHC-19 and PHC-26. The definitive evaluation schemes are given in the work programme.

A self-evaluation, if carried out, is not to be submitted to the Commission, and has no bearing whatsoever on the conduct of the evaluation.

Scoring

Scores must be in the range 1-5. Half marks may be given.

Interpretation of the scores

3 — Good. The proposal addresses the criterion well, but a number of shortcomings are present.

4 — Very Good. The proposal addresses the criterion very well, but a small number of shortcomings are present.

5 — Excellent. The proposal successfully addresses all relevant aspects of the criterion.

Any shortcomings are minor.
