Each Party undertakes to take part in the efficient implementation of the SGO ITD according to the Management Plan, the description of work, and to cooperate, perform and fulfil, promptly and on time, all of its obligations under the Grant Agreement and this Consortium Agreement in good faith.

Each Party undertakes to notify promptly, in accordance with the governance structure of the SGO ITD, any significant information, fact, problem or delay likely to affect the SGO ITD.

Each Party shall promptly provide all information reasonably required by a Consortium Body or by the Coordinator to carry out its tasks as foreseen in Article 6.2

Each Party shall take reasonable measures to ensure the accuracy of any information or materials it supplies to the other Parties.

With the support of the Parties, the ITD Leaders are responsible for the regular review and updating of this Consortium Plan IA and IB where necessary or desirable.

each Cluster whatever its form (legal entity or not) and member thereof agree to be represented in the relevant governing bodies of the SGO ITD by one person representing each Cluster (which does not have to be the same person on each Consortium Body).

each Cluster Coordinator shall be considered as the single representative for all other purposes of this ITD Consortium Agreement.

The transfer of activities and corresponding budgets between each member to a Cluster is allowed at any time without need for amendment to the Consortium Plan IA and/or IB, as far as this Consortium Plan is satisfactorily implemented and for the same cost. The Consortium Budget and financial reporting will consider separately the activities performed by each Cluster in compliance with JU accounting procedures and with Annex II of the relevant Grant Agreement.

The Cluster and its members shall be jointly and severally liable for the performance of any activity within the SGO ITD that is allocated to the Cluster by the Consortium Plan IA and IB or any GA.

Each Cluster, or Cluster Coordinator in the case of Clusters not being legal entities, warrants that it is duly authorised to sign this ITD Consortium Agreement as agent on behalf of all Cluster members

For Clusters having the status of Members, the relevant Cluster Coordinator will ensure and be responsible for the allocation of payment to (if requested by the ITD coordinator) and collection and management of technical and financial statements and reports to and from each Cluster member and report the same to the PMC as required.

Article 5: Liability

5.1

Notwithstanding its liability to the JU as set out in its Grant Agreement, each Party undertakes to the other Parties to perform its work at its own risk and under its sole liability and shall be liable for its non-compliance of its obligations in relation to any Work Package in which it is involved.

5.2 No warranties

In respect of any information or materials supplied or created by one Party to another pursuant to this ITD Consortium Agreement, no warranty or representation of any kind is made, given or implied as to the sufficiency, fitness for purpose or as to the absence of any infringement of any proprietary rights of third parties.

The recipient Party shall otherwise and in all cases be entirely and solely liable for the use to which it puts such information and materials.

Nevertheless, each Party undertakes that it will not knowingly make available any proprietary rights of a third party for any Work Package for which such Party has not acquired the corresponding right of use and to grant licenses.

In the event that a breach of this Agreement causes damage to more than one other Party whose aggregate exceeds the foregoing limit the claiming Parties shall use all reasonable endeavours to agree an apportionment among themselves of the said limit and failing such agreement shall refer such apportionment to arbitration under Article 11.8.

5.3.3 The total, aggregate liability of a Party in respect of any and all claims by any one Party in respect of any and all loss and damage shall be limited to the total share of the Party making the claim in the total costs of the ITD arising under Grant Agreements in respect of the current and all previous years.

5.3.4 For the avoidance of doubt the limits of liability under Articles 5.3.2 and 5.3.3 shall operate independently, so that in the event that both articles are relevant to a single claim the lower of the limits obtained by applying each article shall apply.

5.3.5 The exclusions and limitations of liability stated above shall not apply in the case of damage caused by a willful act or gross negligence.

5.3.6 The terms of this Consortium Agreement shall not be construed to exclude or limit any Party's liability for any non-contractual liability including any liability for death or personal injury.

5.4 Damage caused to third parties

Each Party shall be solely liable and will indemnify the other Parties for any loss, damage or injury to third parties (including but not limited to the JU) resulting from the performance of the said Party's obligations under this ITD Consortium Agreement.

5.5 Involvement of third parties

A Party that enters into a subcontract or otherwise involves third parties (including but not limited to Affiliated Entities) in the Consortium remains solely responsible for carrying out its relevant part of the work and for such third party's compliance with the provisions of this ITD Consortium Agreement and of the relevant Grant Agreement. It has to ensure that the involvement of third parties does not affect the rights and obligations of the other Parties in this ITD Consortium Agreement.

5.6 Loan

In the case of loan or bail of material and/or equipment between Parties for the performance of the work an agreement based on the model set forth in Attachment 6 shall be entered into between the Parties and may be amended to contain specific conditions regarding liabilities.

The PMC shall not deliberate and decide validly unless all PMC representatives concerned with the topics to be decided are present or represented.

The Parties agree to abide by all decisions of the PMC.

The ITD Co-Leader shall draft the minutes of each meeting to formalize in writing all decisions taken and shall dispatch them to all the Parties within fifteen (15) calendar days of a meeting date.

The minutes shall be considered as accepted if no member of the PMC nor any other Party has objected in writing to the ITD Co-Leader, provided that any objection shall only be validly made in the following events:

- if made by a representative of the PMC on the grounds that such objection shall be either on such formalization or on a decision that was not part of the agenda and which was not accepted by all representatives of the PMC and provided that the objection is made within fifteen (15) calendar days of receipt of the minutes.
- if made by a Party that is not a representative of the PMC on the grounds that such Party's activity, time for performance, costs or liabilities, or intellectual property rights are impacted or whose information is to be published, provided that the objection is made within fifteen (15) calendar days of receipt of the minutes.

6.2.3 Work Package Management Team

The management of Work Packages, tasks and subtasks within each Work Package will be organised and managed through a Work Package management team in a flexible manner by the involved Parties according to the work breakdown structure of the Consortium Plan IA and IB, taking in account technical participation and leadership responsibilities at each level.

The Work Package Management Team shall consist of:

- the Level 1 Work Package leader, which will be the chairman of its WPMT; and
- one representative of each Level 2 Work Package participating to such Level 1 Work Package; and
- some Partners (upon invitation by the chairman of the WPMT)

The WPMT chairman shall give each of the members of the WPMT at least ten (10) calendar days notice in writing of such meetings along with an agenda.

Should a member of a WPMT suggests adding a discussion/decision to the proposed agenda, it shall do so in writing to all other members of this WPMT at least five (5) calendar days prior to the meeting date.

The Work Package Leader shall lead the tasks which are part of its Work Package and shall be in charge of managing the Work Packages with the support of the other Parties participating to such Work Package.

The Work Package Management Team shall be in charge of managing the Work Packages and in particular be responsible for the following:

- a) Advising the Project Management Committee on the allocation of the Work Package tasks in accordance with the Work Package Budget allocation approved including the Consortium Plan and reviewing and proposing to the concerned Parties budget transfers within the limits of the Work Package Budget
- b) Making proposals to the Project Management Committee for the entering into the Grant Agreement and the Consortium Agreement of new Parties for participation in the Project;
- c) Alerting the Project Management Committee and the ITD Coordinator in case of delay in the performance of the Work Package or in case of default of any Party under said Work Package;
- d) Analysing and documenting default of a Party under the Work Package and prepare proposal and action plan to the Project Management Committee for this latter's decision;

The WPMT chairman shall draft the minutes of the WPMT meeting to formalize in writing all decisions taken unanimously and shall dispatch them to all Parties involved in this WPMT within fifteen (15) calendar days of a meeting.

All the minutes (including those drafted without meeting as above mentioned) shall be considered as accepted by the Parties participating to this WPMT if, within fifteen (15) calendar days from receipt thereof, no Party has objected in writing to the WPMT chairman, considering that objection shall be either on such formalization or on a decision that was not part of the agenda and which was not accepted by all Parties.

6.2.4. VETO RIGHTS

A Party whose own work, time for performance, costs, liabilities, intellectual property rights or other Legitimate Interests would be severely affected by a decision of the PMC or of a WPMT may exercise a veto with respect to the corresponding decision or relevant part of the decision in which case the decision shall be treated as of no effect in relation to such Party.

When the decision is foreseen on the original agenda, a member may only veto the decision during the meeting it attends.

When a decision has been taken on a new item added to the agenda before or during the meeting, a member may veto such decision during the meeting and within fifteen (15) days after the minutes of the meeting are sent.

In case of exercise of veto, the members shall make every effort to resolve the matter which occasioned the veto to the general satisfaction of all its members.

A member may not veto decisions relating to its identification as a Defaulting Party. The Defaulting Party may not veto decisions relating to its participation and termination in the Consortium or the consequences of them.

A member requesting to leave the Consortium or a Work Package may not veto decisions relating thereto.

The ITD Coordinator and/or the ITD Co-Leader may veto any decision of the PMC or of one of the WPMT in case this decision would adversely and severely affect the results to be delivered by the Consortium or the resources needed to deliver these results.

6.2.5 Objection to decision

A Party which is not a member of the decision making Consortium Body and whose own work, time for performance, costs, liabilities, intellectual property rights or other Legitimate Interests would be severely affected by a decision of such Consortium Body shall have the right to object to such decision in which case the decision shall be treated as of no effect in relation to such Party.

The affected Party shall give notice of objection within fifteen (15) calendar days of receiving from the chairman of the relevant Consortium Body minutes of the meeting at which the decision was taken.

For the avoidance of doubt no such decision shall be binding on any Party until it has in fact received a copy of the relevant minutes and the fifteen (15)-day period for giving notice of objection has expired.

Where the chairman of a Consortium Body believes that a proposed decision may be objected to by a Party under the provisions of this Article 6.2.5 he shall if possible notify the relevant Party of the proposed decision in advance of the meeting at which it is to be discussed and give the Party an opportunity to make representations to the Consortium Body.

6.2.6 Escalation

In the event of a veto under article 6.2.4 or an objection under article 6.2.5 any member of the Consortium Body whose decision is affected or the objecting Party may within fifteen (15) days of the notice of veto or objection require the matter to be referred to a superior decision-making body as follows:

- a) In the case of a decision by a WPMT at level N, to the level N+1 WPMT or as the case may be the ITD PMC;
- b) in the case of a decision of the PMC, to the ITD Steering Committee
- c) in the case of a decision of the ITD Steering Committee to the Governing Board of the JU.

Article 7: Financial provisions

7.1 General Principles

7.1.1 Distribution of Financial Contribution

The financial contribution of the Joint Undertaking to the Members shall be distributed subject to:

- the Consortium Budget as included in the Consortium Plan IB,
- the approval of reports by the Joint Undertaking, and
- the provisions of payment in Article 7.3.

A Member shall be funded only for its tasks carried out in accordance with the Consortium Plan IB and will be paid in accordance with the relevant Grant Agreement.

The Partners shall obtain payment of the financial contribution of the Joint Undertaking to their activities in accordance with the provisions of the relevant Grant Agreements and the Coordinator shall have no responsibility therefor.

7.1.2 Justifying Costs

In accordance with its own usual accounting and management principles and practices, each Party shall be solely responsible for justifying its costs and other financial information required to be submitted to the Joint Undertaking. Neither the ITD Coordinator, the ITD Co-Leader nor any of the other Parties shall be in any way liable or responsible for any such justification of costs, expenses or a Party's expenditure provided by the Coordinator to the Joint Undertaking.

7.1.3 Funding Principles

A Party that spends less than its allocated share of the Consortium Budget will be funded in accordance with its justified eligible costs only.

A Party that spends more than its allocated share of the Consortium Budget will be funded only in respect of duly justified eligible costs and will not be funded by any amount in excess of its allocated share unless agreed otherwise by the ITD Steering Committee.

7.1.4 Financial Consequences of the termination of the participation of a Party

A Party withdrawing from the Consortium pursuant to the terms of Article 3.4 or whose participation in the Consortium is terminated shall refund all advances paid to it except the amount of expended eligible costs accepted by the Joint Undertaking and shall, where such terminated Party is a Defaulting Party, within the limits specified in Article 5.3 of this Consortium Agreement, bear any additional costs justifiably required by the other Parties in order to allow such Parties to perform their tasks.

7.2 Budgeting

All resources made available for the Consortium shall be valued in accordance with the usual accounting and management principles and practices of the respective Parties and shall be budgeted.

7.3 Payments of the JU financial contribution

Payments to Partners will be made directly by the Joint Undertaking.

Payments to Members is the exclusive task of the ITD Coordinator.

In particular, the ITD Coordinator shall:

- i. Notify the Member of the JU concerned promptly of the date and composition of the amount transferred to its bank account, giving the relevant references,
- ii. Perform diligently its tasks in the proper administration of any funds and in maintaining financial accounts,
- iii. Undertake to keep the JU financial contribution to the Consortium separate from its normal business accounts, its own assets and property.

All payments shall be made without undue delay after receipt by the ITD Coordinator of funds from the Joint Undertaking in accordance with the accepted decisions of the Joint Undertaking on the Consortium Budget, which includes the payment schedule.

Payments to Members will be handled according to the following two principles:

- pre-financing in respect of future work included in the Consortium Plan IB, which may be forwarded to Parties in separate instalments in conformity with the decisions of the Joint Undertaking.
- payments for past performance approved by the Joint Undertaking will be compared with the pre-financing given to a Party for such past performance; the difference due will be paid to the Party concerned.

Payments to Clusters will be made by the ITD Coordinator to each Cluster Coordinator for distribution within each Cluster. Such payment discharges the ITD Coordinator from its obligations on payments as regards any member of the Cluster

The ITD Coordinator is entitled to either withhold any payment due to a Defaulting Member or recover any sum already paid to a Defaulting Member.

Article 8: Intellectual Property, Use and Dissemination

Each of the Parties will comply with their respective obligations and will have the rights granted to them as set out in Articles II.26-II.33 of the Grant Agreement in respect of the Work Package they are involved in only and not otherwise.

8.A Background

All Background is and will remain the exclusive property of the Party owning it (or, where applicable, the third party from whom its right to use the Background has derived) and except as otherwise provided for herein, no Party will be entitled to any right or license to any of the other Party's Background.

8.B Foreground

Except as otherwise provided for in this Consortium Agreement, the rights in Foreground shall belong exclusively to the Party generating such Foreground.

8.1 Joint ownership

As permitted in the Grant Agreement, in case of joint ownership of Foreground, each of the joint owners shall be entitled to use their jointly owned Foreground free of charge, and without requiring the prior consent of the other joint-owner(s) for their own direct use only.

As long as the co-ownership agreement is not yet concluded, each of the joint owners shall be entitled to grant non-exclusive licences to third parties, without any right to sub-license, subject to the following condition:

- a) at least forty-five (45) days prior notice must be given to the other joint owner(s);
- b) fair and reasonable compensation must be provided to the other joint owner(s). For the avoidance of doubt, 'fair and reasonable' might mean free of charge.

8.2 Transfer of Foreground

Each Party may transfer ownership of its own Foreground in all or in part following the procedures of the relevant Grant Agreement Article II 27

It shall identify specific third parties it intends to transfer the ownership of its Foreground to in Attachment 5 to this ITD Consortium Agreement.

The other Parties hereby waive their right to object to a transfer to listed third parties according to the relevant Grant Agreement Article II.27.3.

The transferring Party shall, however, notify the other Parties of such transfer and shall ensure that the rights of the other Parties will not be affected by such transfer.

Any addition to Attachment 5 after signature of this ITD Consortium Agreement requires the unanimous approval of the ITD Steering Committee.

The Parties recognize that in the framework of a merger or an acquisition of an important part of its assets, a Party may be subject to confidentiality obligations which prevent it from giving prior notice for the transfer as foreseen in the relevant Grant Agreement Art. II.27.2.

8.3 Dissemination

8.3.1 Publication

Dissemination activities including but not restricted to publications and presentations shall be governed by Article II.30 of the relevant Grant Agreements.

8.3.2 Publication of another Party's Foreground or Background

For the avoidance of doubt, a Party shall not publish Foreground or Background of another Party, even if such Foreground or Background is amalgamated with Party's Foreground, without the other Party's prior written approval.

8.3.3 Cooperation obligations

The Parties undertake to cooperate to allow the timely submission, examination, publication and defence of any dissertation or thesis for a degree, which includes their Foreground or Background. However, confidentiality and publication clauses have to be respected.

8.3.4 Use of names, logos or trademarks

Nothing in this ITD Consortium Agreement shall be construed as conferring rights to use in advertising, publicity, or otherwise the name of the Parties or any of their logos or trademarks, without their prior written approval.

Article 9: Access Rights

9.1 Background covered

The Parties shall identify in the Attachment 1 the Background to which they shall grant Access Rights, and may update the Attachment 1 during the term of this Consortium Agreement.

The Parties agree that all background not listed in Attachment 1 shall be explicitly excluded from Access Rights.

However, A Party may decide to withdraw Background from Attachment 1 provided that:

such Party provides the other Parties with a prior written notice to that effect, and

in the event any of the withdrawn Background has been used by a Party, the owning Party will be obliged to continue to grant a license of such Background to such Party as if such withdrawn Background remained available for use under this Consortium Agreement.

The Parties agree that all Background not listed in Attachment 1 shall not thereafter be used or included in any Work Package and the owning Party will not be required to provide any Access Rights thereto.

The Parties agree, however, to negotiate in good faith additions to Attachment 1 if a Party so requests and provide such additions as are needed. For the avoidance of doubt, the owner is under no obligation to agree to additions of his Background to Attachment 1.

9.2 General Principles

Each Party shall take appropriate measures to ensure that it can grant Access Rights and fulfil the obligations under the relevant Grant Agreement and this Consortium Agreement notwithstanding any rights of its employees, or any person it assigns or engages to perform its own work share for the Consortium.

As provided in the relevant Grant Agreement Article II.32.3 the Parties shall specify promptly in Attachment 1 any limitation to the granting of Access Rights to Background or of any other restriction, which might substantially affect the granting of Access Rights (e.g. the use of open source code software in the Consortium).

Any Access Rights granted expressly exclude any rights to sublicense unless expressly stated otherwise.

Access Rights shall be free of any administrative transfer costs.

Access Rights are granted on a non-exclusive basis, if not otherwise agreed in writing by all the Parties Foreground and Background shall be used only for the purposes for which Access Rights to it have been granted.

All requests for Access Rights shall be made in writing. The granting of Access Rights may be made conditional on the acceptance of specific conditions ensuring that these rights will be used only for the intended purpose and that appropriate confidentiality obligations are in place.

The requesting Party must show with all due care and in good faith that the Access Rights are needed, notably if such requesting Party reasonably believes that without Access Rights on another Party's Background or Foreground, the performance of its own tasks for the Project or the Use of its own Foreground would be technically impossible or significantly delayed.

9.3 Access Rights for implementation

Access Rights to Foreground and Background needed by a Party for the performance of its own work under the SGO ITD shall be granted on a royalty-free basis.

9.4 Access Rights for Use

Access Rights to Foreground if needed for Use of a Party's own Foreground shall be granted on fair and reasonable conditions.

Use for third party research shall be subject to the prior written approval of the owner of the Foreground, such agreement will not be unreasonably withheld.

Access Rights to Background if needed for Use of a Party's own Foreground shall be granted on fair and reasonable conditions.

A request for Access Rights may be made up to two (2) years after the end of the SGO ITD.

9.5 Access Rights for Affiliated Entities

Notwithstanding Article II.34.3 of the Grant Agreements, Affiliate Entities shall enjoy Access Rights where the Party requiring Access Rights for its Affiliate Entity can show that it's Affiliate Entity:

holds the right to use the Foreground owned by the Party it is affiliated to; and

needs Access Rights in order to Use such Foreground; and

is established in a Member State or an Associated Country; and

is listed in Attachment 3 to this ITD Consortium Agreement.

Such Access Rights shall be granted on fair and reasonable conditions and upon written bilateral agreement with the owner of the Information. Affiliated Entities which obtain Access Rights shall fulfil all confidentiality and other obligations accepted by the Parties under the Grant Agreement and under this Consortium Agreement as if such Affiliated Entities were Parties.

However a Party may refuse to grant Access Rights to another Party's Affiliated Entity which is listed in Attachment 3 if the Party asked to grant such Access Rights has, prior to the signature of the Consortium Agreement, raised objections stating that its Legitimate Interests would be affected by the addition of that Affiliated Entity to such list.

Notwithstanding provision in Article 6.2 the same shall apply for an Affiliated Entity which been added on the list in Attachment 3, where a Party voted against the inclusion of the Affiliated Entity in said list.

Access Rights granted to any Affiliated Entity are subject to the continuation of the Access Rights of the Party to which it is affiliated, and shall automatically terminate upon termination of the Access Rights granted to such Party.

In the event of any change of control of an Affiliated Entity, any Access Rights granted to such former Affiliated Entity shall lapse unless agreed otherwise by the owning Party. Further arrangements with Affiliated Entities may be negotiated in separate agreements.

9.6 Additional Access Rights

Any grant of Access Rights not covered by any relevant Grant Agreement or/and this ITD Consortium Agreement shall be at the absolute discretion of the owning Party and subject to such terms and conditions as may be agreed between the owning and receiving Parties.

9.7 Access Rights for Parties entering or leaving the Consortium

9.7.1 New Parties entering the Consortium

All Foreground developed before the accession of the new Party shall be considered to be Background with regard to said new Party.

9.7.2 Parties leaving the Consortium

9.7.2.1 Access Rights granted to a leaving Party

9.7.2.1.1 Defaulting Party

Access Rights granted to a Defaulting Party and such Party's right to request Access Rights shall cease immediately upon receipt by the Defaulting Party of the formal notice of the decision of the ITD Steering Committee to terminate its participation in the Consortium.

9.7.2.1.2 Non-Defaulting Party

A Non-Defaulting Party leaving voluntarily (including a Partner leaving on the completion of the relevant Grant Agreement) shall have Access Rights to the Foreground developed until the date of the termination of its participation. The time limit for its right to request these Access Rights shall start on the same date.

9.7.2.2 Access Rights to be granted by any leaving Party

Any Party leaving the Consortium shall continue to grant Access Rights pursuant to the relevant Grant Agreement and this Consortium Agreement as if it had remained a Party.

9.8 Specific Provisions for Access Rights to Software

For the avoidance of doubt, the general provisions for Access Rights provided for in this Article 9 are applicable also to Software.

Parties' Access Rights to Software do not include any right to receive source code or object code ported to a certain hardware platform or any right to receive respective Software documentation in any particular form or detail, but only as available from the Party granting the Access Rights.

9.9 Ownership and use of materials or equipment

In the event a material or equipment is developed or manufactured in the SGO ITD by two or more Parties, such Parties shall enter into a separate agreement addressing the ownership and conditions of use, maintenance, deposit, etc... of such material or equipment.

The Parties will be granted a right to use free of charge such material or equipment for the implementation of the Clean Sky Programme in accordance with Annex I and the loan conditions in Attachment 6 to the Consortium Agreement.

Article 10: Non-disclosure of information

The Recipients hereby undertake, without prejudice to any commitment of non-disclosure under any relevant Grant Agreement, for a period of ten (10) years after the end of the work of the SGO ITD:

- i. Not to use or disclose Confidential Information of which it is the Recipient, otherwise than for the purpose for which it was disclosed;
- ii. Not to disclose Confidential Information to any third party without the prior written consent by the Disclosing Party;
- iii. To ensure that internal distribution of Confidential Information by a Recipient shall take place on a strict need-to-know basis; and
- iv. To return to the Disclosing Party on demand all Confidential Information which has been supplied to the Recipients including all copies thereof and to delete all information stored in a machine readable form. If needed for the recording of ongoing obligations, the Recipients may keep a copy for archival purposes only and the Disclosing Party shall be informed accordingly.

The Recipients shall be responsible for the fulfilment of the above obligations on the part of their employees, and sub-contractors and shall ensure that their employees, and sub-contractors remain so obliged, as far as legally possible, during and after the end of the work of the SGO ITD and/or after the termination of employment or the relevant contract of engagement.

The above shall not apply for disclosure or use of Confidential Information, if and in so far as the Recipient can show that:

- i. The Confidential Information becomes publicly available by means other than a breach of the Recipient's confidentiality obligations;
- ii. The Disclosing Party subsequently informs the Recipient that the Confidential Information is no longer confidential;
- iii. The Confidential Information is or has been communicated to the Recipient without any obligation of confidence by a third party who is in lawful possession thereof and under no obligation of confidence to the Disclosing Party;
- iv. The Confidential Information, at any time, was developed by the Recipient completely independently of any such disclosure by the Disclosing Party;

The Recipient shall apply the same degree of care with regard to the Confidential Information disclosed within the scope of the Consortium as with its own confidential and/or proprietary information, but in no case less than reasonable care.

Each Party shall promptly advise the other Party in writing of any unauthorised disclosure, misappropriation or misuse by any person of Confidential Information as soon as practicable after it becomes aware of such unauthorised disclosure, misappropriation or misuse.

If any Party becomes aware that it will be required, or is likely to be required, to disclose Confidential Information in order to comply with applicable laws or regulations or with a court or administrative order, it shall, to the extent it is lawfully able to do so, prior to any such disclosure notify the Disclosing Party in sufficient time to allow the Disclosing Party to seek an order for protective relief, and comply with the Disclosing Party's reasonable instructions to protect the confidentiality of the information.

The confidentiality obligations under this Consortium Agreement and the relevant Grant Agreements shall not prevent the communication of Confidential Information to the Joint Undertaking subject to the Joint Undertaking complying with obligations of confidentiality in relation to such information no less robust than as set out in this clause.

The change of the contact persons list does not require the signature of an amendment of the ITD Consortium Agreement by all Parties hereto.

11.4 Assignment and amendments

No rights or obligations of the Parties arising from this ITD Consortium Agreement may be assigned or transferred, in whole or in part, to any third party without the other Parties' prior formal approval.

In case of an amendment to the Grant Agreement approved or requested by the JU, such amendment shall be submitted to the approval of the ITD Steering Committee. If the amendment is approved by the Steering Committee, the amendment shall apply, as of right, to the Parties and without written amendment to the Consortium Agreement.

All other modifications to this Consortium Agreement require an amendment duly signed by all Parties unless otherwise agreed by the Steering Committee.

11.5 Mandatory national law

The Parties recognize that at the time of signature of this ITD Consortium Agreement, nothing in this ITD Consortium Agreement requires a Party to breach any mandatory national law under which the Party is operating. No Party shall be considered to be in breach of this ITD Consortium Agreement if such breach is caused by Force Majeure. Each Party will notify the competent Consortium Bodies of any Force Majeure as soon as possible.
