

THE EURES WORLD

<http://ec.europa.eu/eures/>

EURES provides information, advice and recruitment/placement (job-matching) services for the benefit of workers and employers as well as any citizens wishing to benefit from the principle of the free movement of persons around Europe

There are more than 850 EURES Advisers across Europe and the number is still growing

On EURES Job Mobility Portal it is possible to find around 1 280.000 job vacancies in 31 European countries and around 936.000 CVs

THE EURES WORLD

15 good reasons
for working with EURES

Added value to PES services

1. Increased employability of jobseekers by matching their profiles with vacancies from elsewhere in Europe
2. Possibility to fill bottleneck vacancies with qualified staff from other European countries
3. Improved information and guidance service thanks to up-to-date data on living/working conditions and related rules in other European countries
4. Possibility of funding of employment projects with European dimension
5. Useful tips on information and communication strategies and engagement in social media

Access to extranet section of EURES Portal

6. Overview of latest developments on European labour market, best practices and success stories from all across Europe thanks to EURES Newsletter
7. Greater visibility of local/national events via publication in Events calendar
8. Possibility to highlight local/regional success stories via EURES News and Information Bureau
9. Possibility to order EURES publications useful for jobseekers and employers in all EEA languages
10. Possibility to debate various employment issues and seek best practices from colleagues from other European countries via Discussion Fora

Gaining new skills and contacts

11. Gaining skills and competences through training activities and/or seminars aimed at international job mobility organised at national and European level
12. Support from network of more than 850 colleagues from across EEA and Switzerland
13. Possibility to engage easily in cooperation projects with partner organisations from across EEA and Switzerland
14. Easier access to other European networks supporting geographical and job mobility
15. Thanks to good connections to the EURES network your number of contacts, partners and stakeholders multiplies.
