

European Qualifications Framework

10th Anniversary | #EQF_EU

How have the EQF and the development of qualifications frameworks supported international and global cooperation?

Chair: Koen NOMDEN, Team leader, European Commission

Rapporteur: Michael GRAHAM, Project leader, European Training Foundation
(ETF)

Workshop questions

1. What have been the positive and negative impacts that you have seen in the setting up of qualifications frameworks worldwide? Can they make a difference?
2. In your experience : What are the implications of digital credentialing for national and regional QFs when it comes to the recognition of learning across borders
3. To what extent can a technical comparison between qualifications frameworks help build zones of trust between national and regional QFs?
4. According to you, to what extent has the EQF been a source of inspiration for the development of qualifications frameworks worldwide?
5. To what extent can the connectivity of credentials bridge academic and non-academic learning?
6. What role can regional qualifications frameworks play in increasing the transparency of qualifications between regions of the world?
