

EaSI programme – Support for the deployment of skills assessment in the implementation of “Upskilling Pathways” Call for proposals VP/2018/008

Description of the action

*This template for the description of the action is deemed to provide information enabling the assessment of the proposals against the 'Award criteria' set out in the call text. No other document will be necessary for this purpose. The description of action should be attached in SWIM in **section "H" (annexes)**.*

The questions and annexes hereunder aim to help applicant organisations to elaborate further the information provided in the SWIM application form, in accordance with the following criteria: relevance of the proposal to the objectives of the call, quality of the methodology, expected impact and sustainability and cost efficiency of the action.

All the questions are mandatory except I.2, II.3, III.4, and IV.3. Please insert your replies in the box below each question, keeping within the specified length (answers should be clear and concise). If a question is not relevant, please write "Not applicable" and explain why.

Any questions should be sent by email to: empl-vp-2018-008@ec.europa.eu. To ensure a rapid response, please send queries in English, where possible.

Applicants are invited to read the present document in conjunction with the Financial Guidelines for Applicants, the model grant agreement and the model of final technical report published with this call as well as the financial rules applicable to the general budget of the Union and their rules of application: http://ec.europa.eu/budget/biblio/documents/regulations/regulations_en.cfm

Application ref (generated by SWIM): VP/2017/011/...

I. Relevance of the proposal to the objectives of the call

1. Please explain **to what extent the proposal responds to the call for proposals' objectives** set out in section 2.2. of the call. (Maximum: 5000 characters, space included)

2. Please provide any additional information about the **relevance** of the proposal, if not covered by the questions above. (Maximum: 2500 characters, space included)

II. Quality of the methodology

1. Please describe your **project methodology** (logic behind the selection of applicant and co-applicants, allocation of tasks and responsibilities between applicants and cooperation methods in case of consortium, logic of the chronology and coherence between the various project steps). Please also explain what **risks** might be encountered during the implementation of the project and how you intend to avoid or mitigate them. (Maximum: 5000 characters, space included)

2. Describe how you will ensure adequate monitoring and evaluation of the project activities (**quality assurance plan**). (Maximum: 5000 characters, space included)

3. Please provide any additional information on measures to ensure the **quality of the methodology** of the action, if not covered by the questions above. (Maximum: 2500 characters, space included)

4. Which project **activities** (if any) **will be subcontracted** and why? Please justify. (Maximum: 2500 characters, space included)

III. Expected impact and sustainability

1. Please describe how you intend to ensure the **planned impact on your target group**, as well as to **sustain this impact and the outcomes** of the project after the end of the financing period – including by building in mechanisms to ensure that lessons learned during testing, piloting and implementation of activities are used to make continuous improvements after the project ends. (Maximum: 5000 characters, space included)

2. Please explain how you intend to ensure that project activities and outputs will be exploited by other stakeholders, and/or be upscaled after the project has ended (**potential for transferability of activities and outputs**). (Maximum: 2500 characters, space included)

3. Please explain to which extent your proposal secures **the commitment of relevant public authorities to exploit project results in implementing Upskilling Pathways at national level**. (Maximum: 5000 characters, space included)

4. Please provide any additional information on the **impact** of the proposal, not covered by the questions above. (Maximum: 2500 characters, space included)

IV. Cost/efficiency of the operation

The SWIM application form contains the budget breakdown for the action by heading and by partner. This section is deemed to provide additional information on the way the costs are calculated and the proportionality of the resources used in comparison with the outputs and results expected.

1. Please provide an **explanation for all budget lines that are not self-explanatory** (e.g. how the number of staff working days or the costs of services and administration have been calculated; breakdown of costs between partners if any; specific service or good purchased; unusually high expense; etc.). (Maximum: 2500 characters, space included)

2. How do you intend to secure the maximum impact from the resources allocated to the project (**cost-efficiency**)? Is your budget realistic, reasonable and proportional to the scale and scope of the action? (Maximum: 2500 characters, space included)

3. Please indicate other information in support of the **cost/efficiency** of the action, if not covered by the questions above. (Maximum: 2500 characters, space included)

TEMPLATE FOR THE WORK PLAN

*This table aims to complement the information provided in section II above with a breakdown of the main project activities in work packages. Please copy the template as many times as necessary to cover all the planned project activities. Be as specific as possible (e.g. draft programmes for events, learning outcomes for training activities, etc.). **The work plan should not exceed 15 pages. It should be attached in SWIM in section "H" (annexes).***
