

# **The Implementation Committee in action**

**Deputy Permanent Secretary, Mr. Troels Blicher Danielsen**

# **Bridging implementation and enforcement**

# Simplifying smartly and responsibly

## The implementing case:

1. Chemical agents directive (1998/24/EC)
2. Directive on cancer-related substances (2004/37/EC)

# The voice of stakeholders

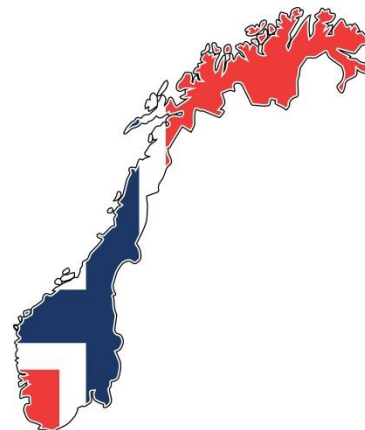

## Recommendation from the Implementation Council

More simple, transparent rules on health and safety to the benefit of companies and employees.

No wish with the simplification to reduce the level of protection in the health and safety rules.

# Drawing inspiration from relevant neighbours

# Results

## Recommendations from the neighbour check:

- Reducing overlapping provisions in implementing laws
- Combining implementing laws
- Making guidelines more applicable to enterprises and employees
- Adjusting the rules for work place reportings

➤ **Potential quantifiable gains while not reducing health and safety**

## **3 key take-aways**

- 1. Involvement of key stakeholders**
- 2. Choice of comparison**
- 3. Balanced approach**
