

# European Union Expertise on Social Protection, Labour & Employment

*Sharing EU public expertise to foster  
socio-economic development*

Tbilisi – GEORGIA

19 & 20th sept, 2018

**Thierry FIQUET (Mr.)**  
Labour & Employment Main Expert  
[Thierry.fiquet@socioux.eu](mailto:Thierry.fiquet@socioux.eu)

Partnership led by:

Partners:

Co-funded by the EU

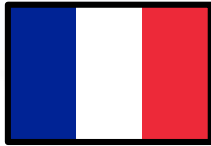

# What is SOCIEUX+?

*Since 2013, we are a **technical assistance facility** that provides access to **public expertise** from **institutions and administrations** from all **EU Members States**.*

## Partnership of 3 countries

France

Belgium

Spain

Co-funded:

# How do we work?

## *Technical cooperation*

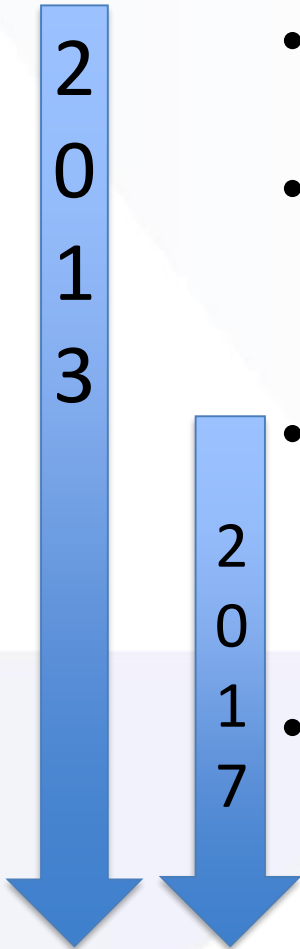

- **Quick and demand-driven** - simple requesting procedures and swift mobilisation of expertise;
- **Partner-owned** by focusing their needs and preferences;
- **Tailored and flexible** response and formulation;
- Centred on **peer-to-peer** exchanges;
- Expertise from **public sector**
- **Teams made by 2 experts** from different EU Member States;
- Foster **institutional cooperation**;
- **Short-term** technical assistance

e.g : 1 Request from the Mexican authorities to improve the **Labour concellers and inspection service interventions and organisation**

Declined in 4 activities (10 days on site max.) on an 8 months period (systemic diagnosis => Benchmark of EU countries practices => training for trainers (to demultiplicate) => distance support for the “leader and experimental” group

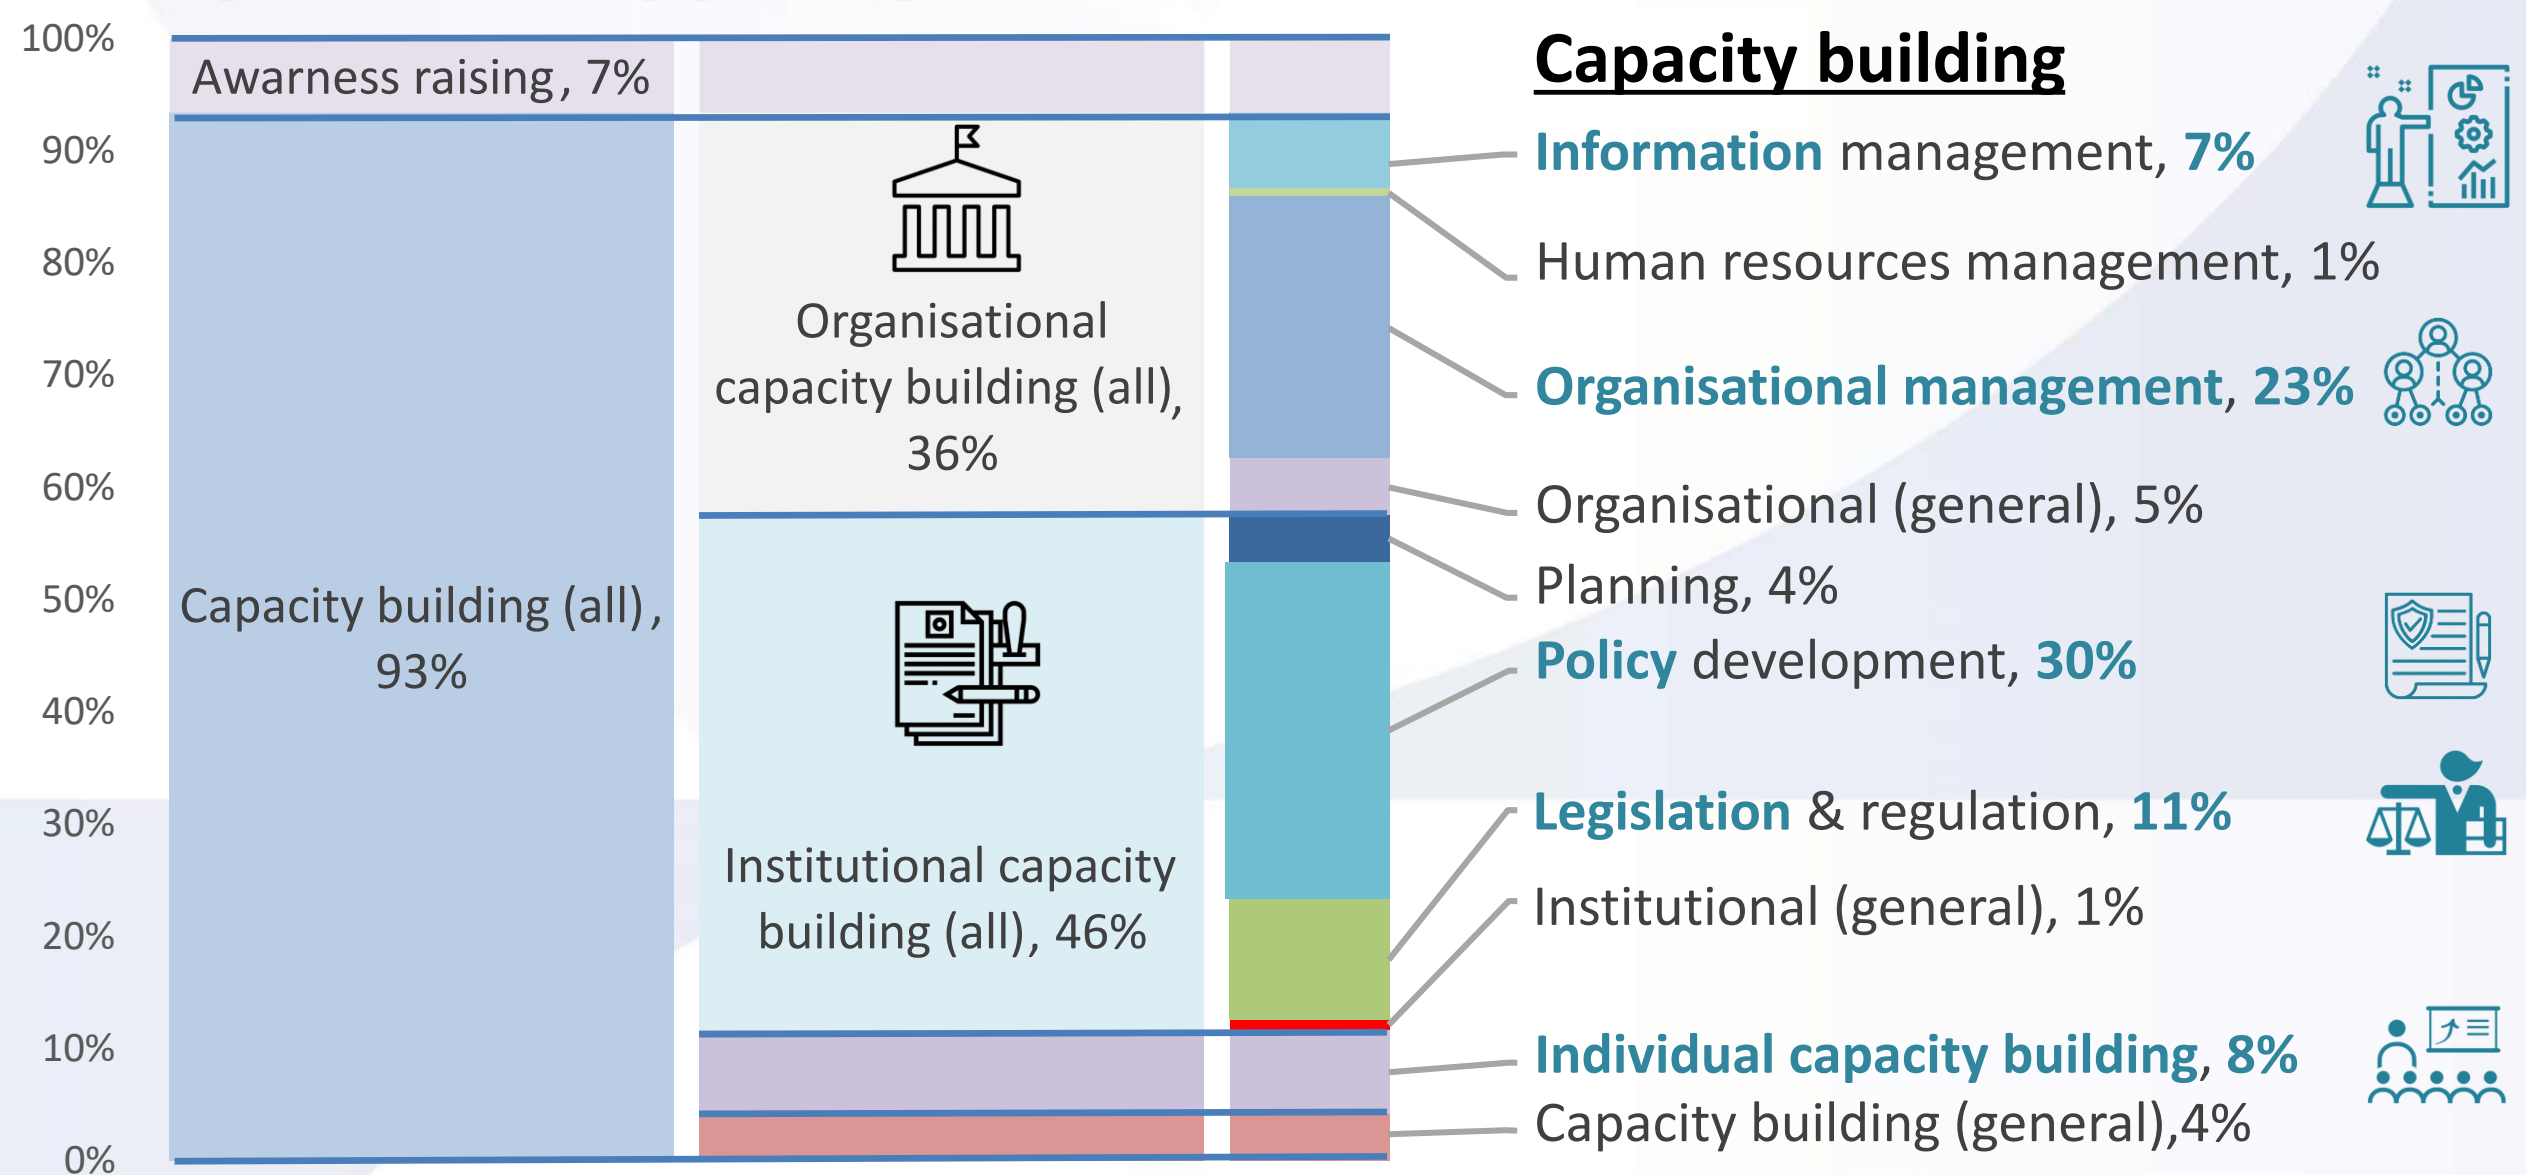

# Areas of work ...

- **Social insurance:** contributory pensions, health, accident, unemployment protection
- **Social assistance:** cash transfer programmes, income guarantee schemes, old age benefits, child and disability grants, public works, social services
- **Labour:** policy and law, active labour market policies, information systems, decent work, workers, informal economy, working conditions, labour relations, labour standards, social dialogue
- **Employment:** policy, security and services for employers and job seekers (PES), vocational education and training, skills development, ICT tools...

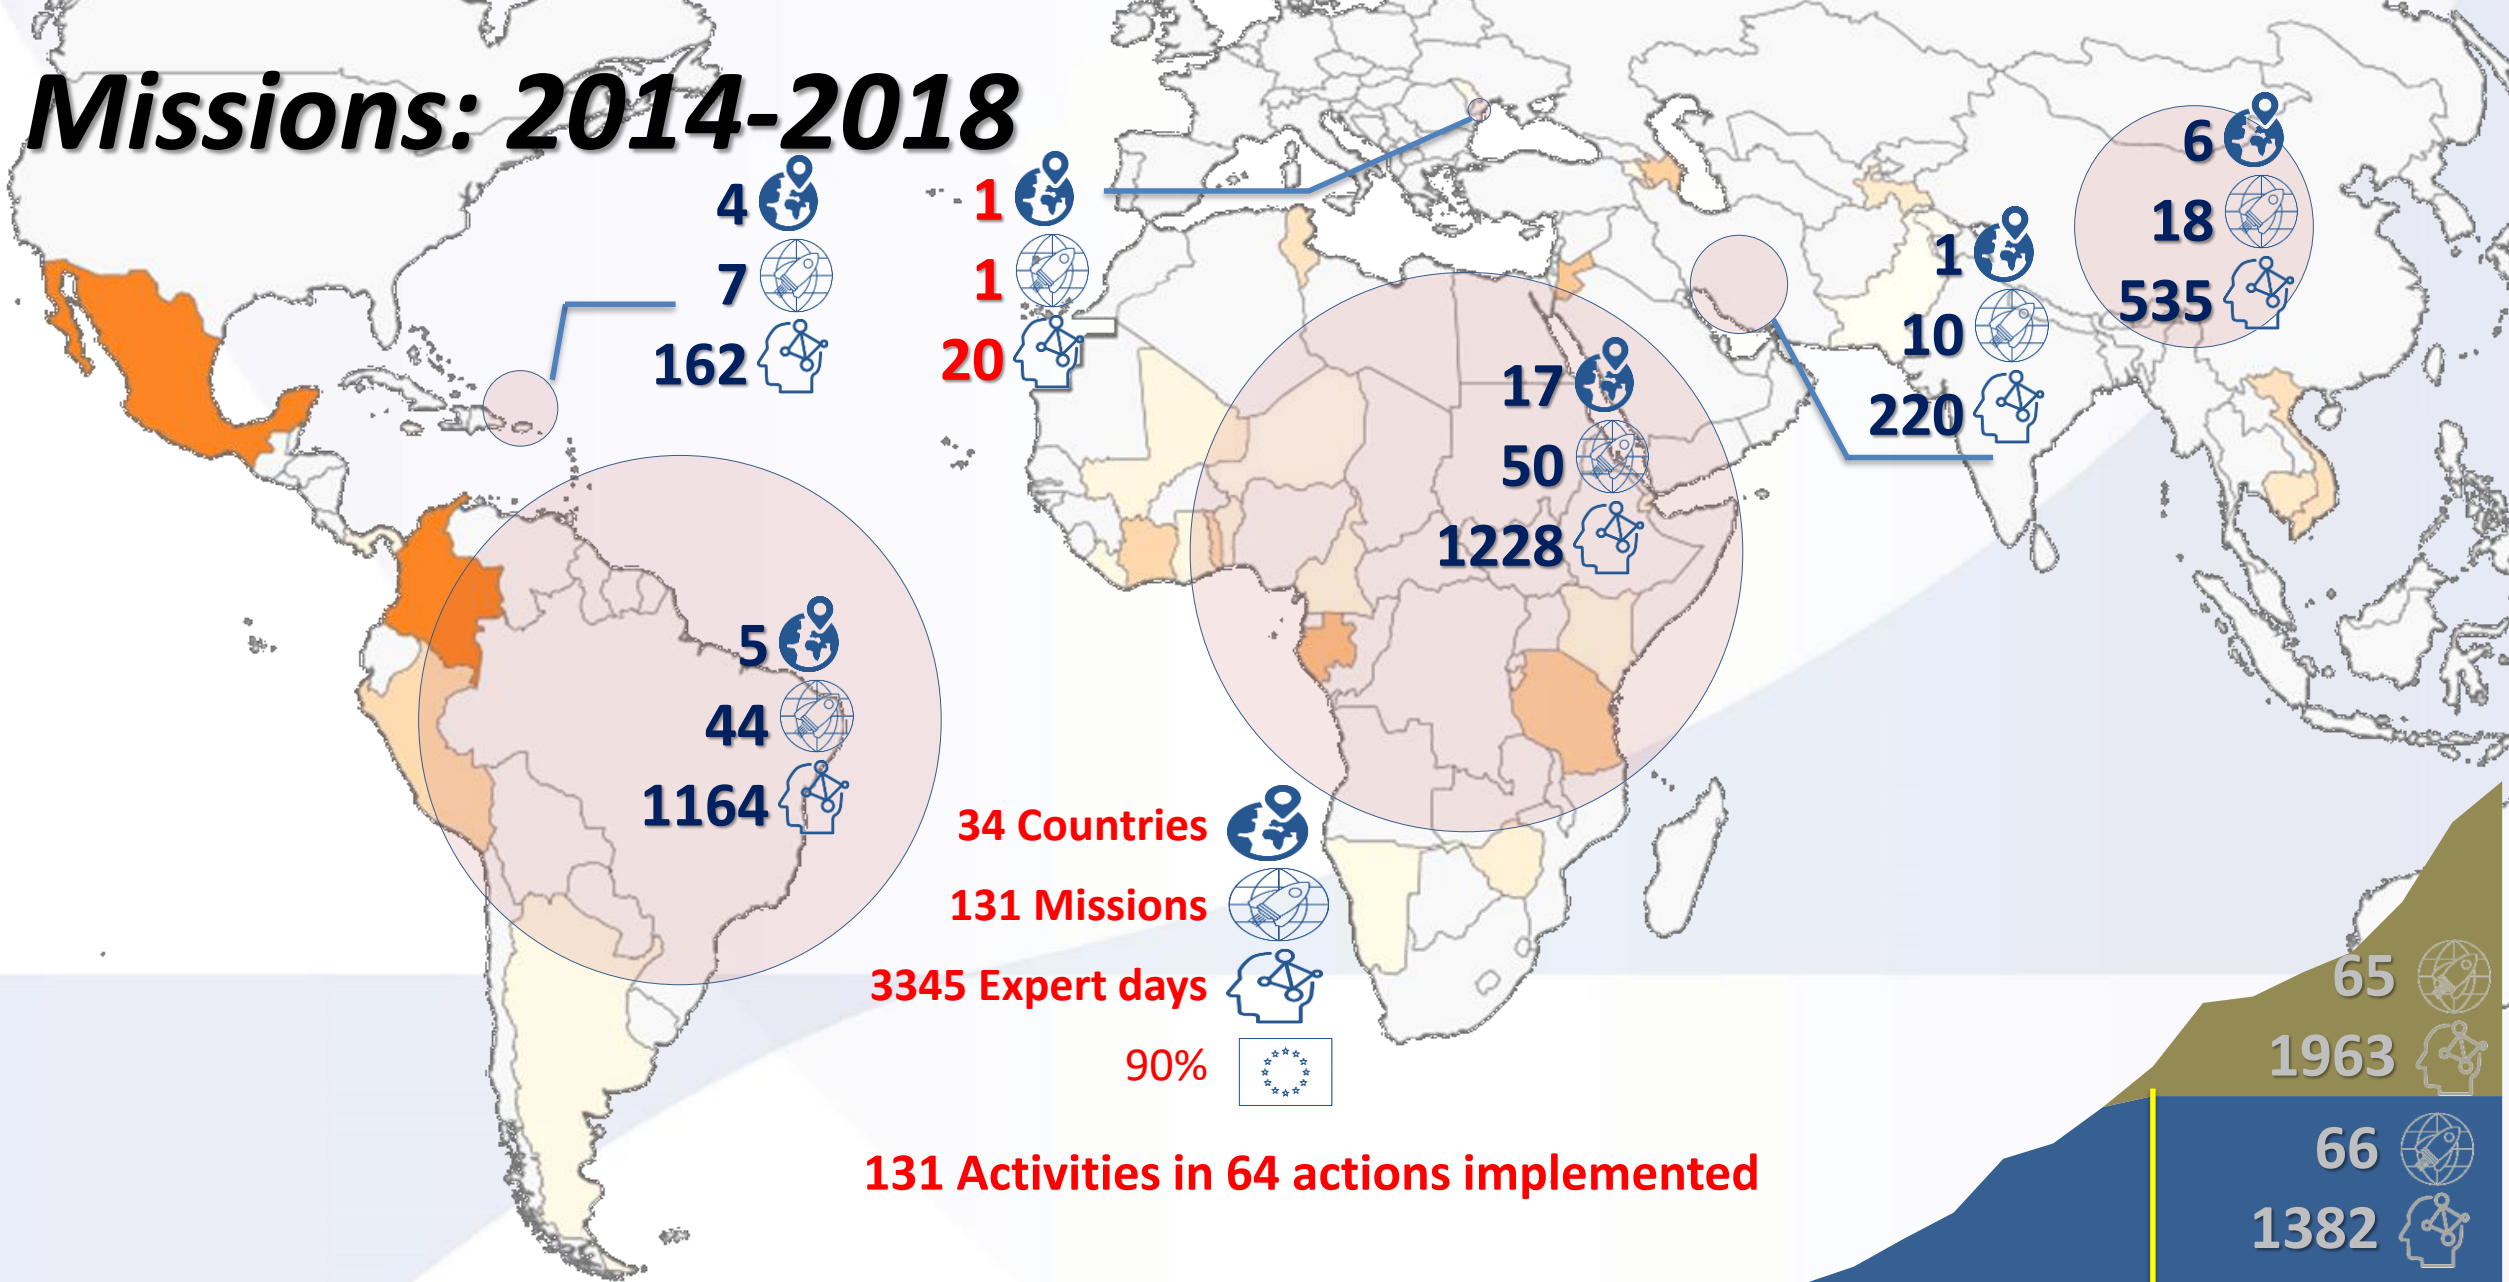

# Requested type of assistance

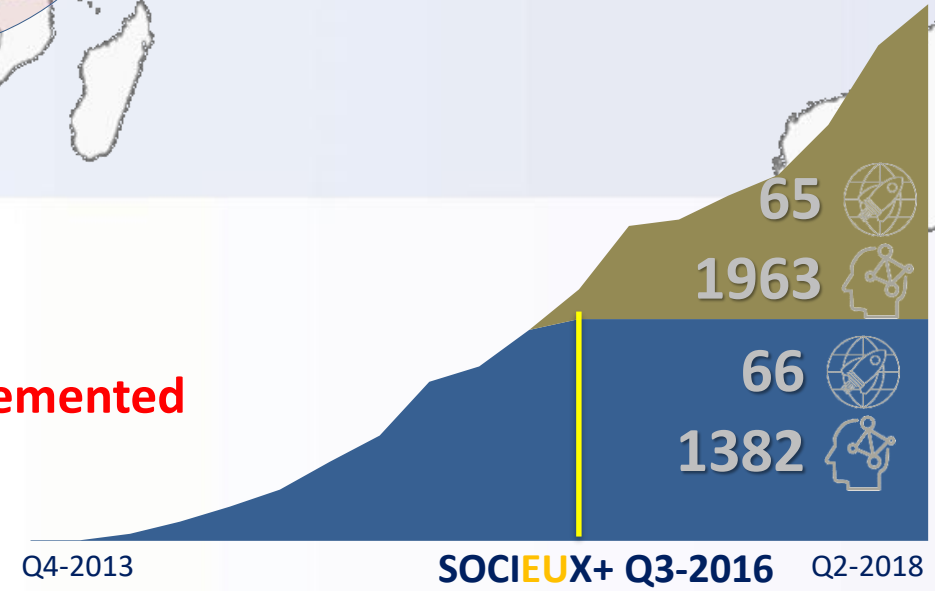

# Type of interventions

- Elaboration of **sector strategies**
- **Functional and organisational analysis**
- (Re)formulation of **legislative frameworks**
- **Knowledge transfer** (needs assessment, **trainings** of trainers, **roundtables**, coaching and distance support, etc.)
- Conception of **management and flow of information systems** (LMI systems, monitoring systems, specialized and operational ICT Tools ...)
- **Comparative studies** (benchmarking, benchlearning, evaluations...)
- **Feasibility studies**
- *And **much more** according to needs... and always in complementarity*

# Missions: 2014-2018

**34 Countries**   
**131 Missions**   
**3345 Expert days**   
**90%**   
**131 Activities in 64 actions implemented**

Q4-2013

SOCIEUX+ Q3-2016

Q2-2018
