II. SPF & Childhood

a. Childhood for the French government

Childhood a priority matter for the French government

Childhood constitutes a priority focus in the **Poverty plan of the French government** (September 2018)

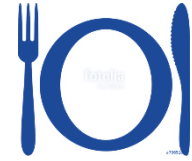

The national policy converges with the solidarity objectives of Secours populaire français.

II. SPF & Childhood

products

Access to clothes

II. SPF & Childhood

c. Beyond material assistance ...

A

Material assistance is a stepping stone towards other accompanying measures.

II. SPF & Childhood

d. Copain du Monde

Kids' movement "copain du Monde"

Children are supported & involved as volunteers at the same time

II. Positive outcomes

The empowerment of children

1

More than 1 million children were supported in accessing food aid, health, clothes, education, holidays, culture, sports ...

2

The whole person approach also concerns children.

3

This approach contributes to the personal and school development of the child. It contributes to the child's fulfillment and it provides the child with all the chances to succeed afterward.

4

Kids have the opportunity to get involved into concrete solidarity

5

SPF created kids' movement "copain du Monde" which mainly aims to lead children to empowerment.

III. Challenges

Challenges we experience in the implementation of our accompanying measures:

Mobilizing & training volunteers

Financing volunteers' training

Accompanying children & answer their needs
over time

Thank
you
