

Apprenticeship Support Services: getting started

March 2019

Why Apprenticeship Support Services?

1

To improve the quality and effectiveness of apprenticeships across the EU

2

To provide tailored support to stakeholders involved in delivering apprenticeships

3

To further strengthen the European apprenticeships community

4

To support Member States in reforming apprenticeship schemes and in implementing the EFQEA Recommendation

5

To effectively address common challenges in promoting and implementing apprenticeships

6

To increase knowledge base on apprenticeships

What concrete benefits for different stakeholders?

For Member States (and EFTA & Candidate Countries):

Learning from best practices through networking and targeted support services for apprenticeship reforms and implementation of the EFQEA Recommendation

For social partners:

Access to knowledge and networking services, networking and support for mutual learning and capacity building

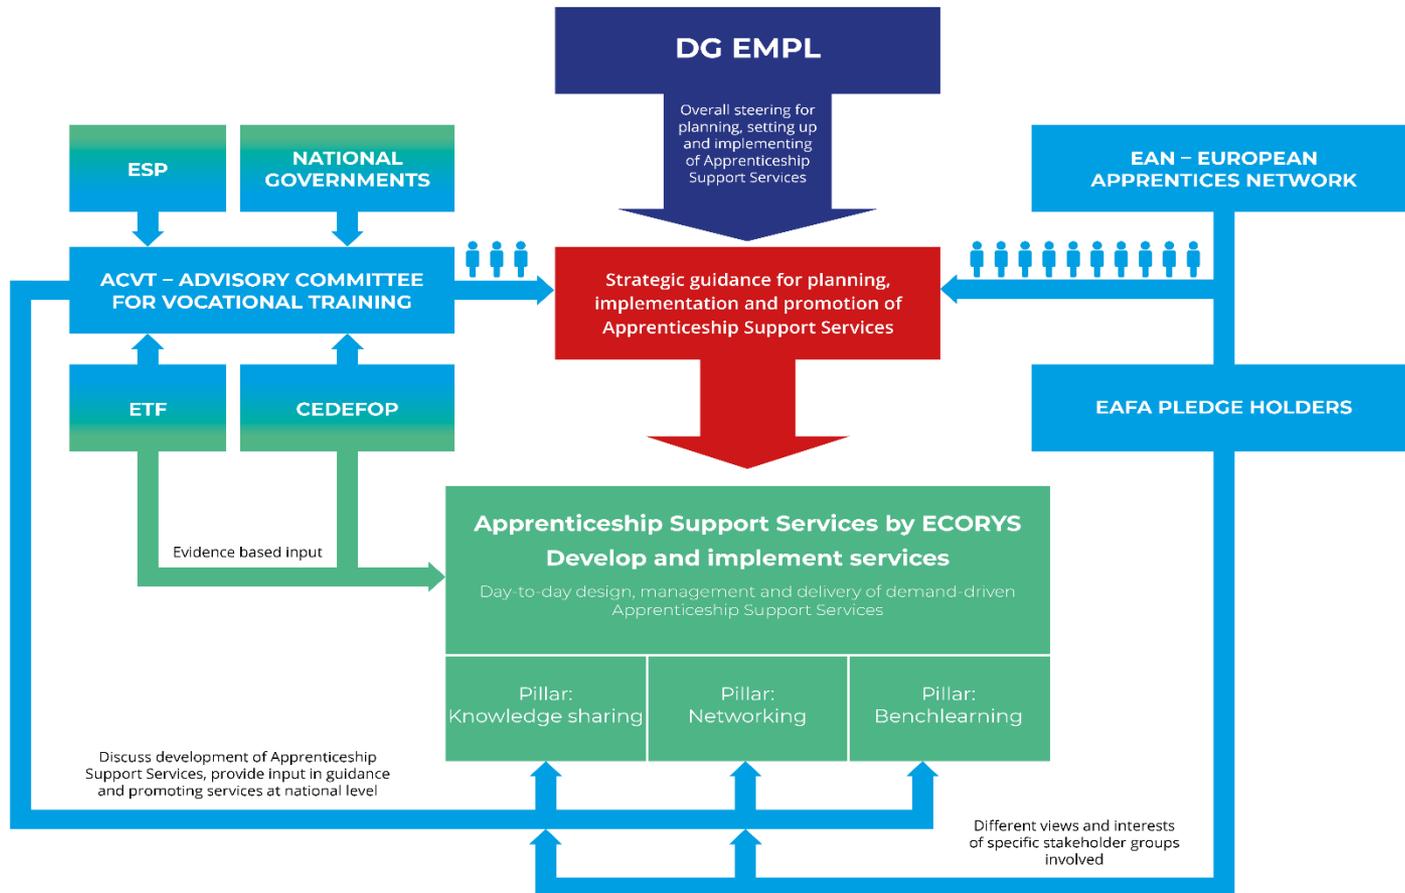

For VET providers and employers:

Access to knowledge, materials and training tools, online and face-to-face exchanges and networking as part of a Community of Practitioners

For apprentices (young people and adults):

Improved offer and delivery of quality apprenticeships to boost employability and the development of relevant skills

Governance and implementation of the Service

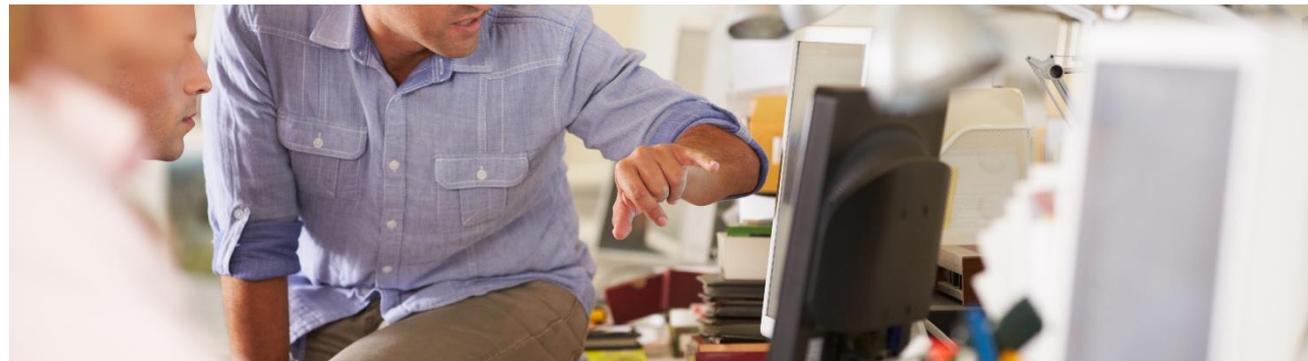

Key Principles of the Support Services

**Demand driven
and relevant to
stakeholders
needs**

**Engagement
and
commitment of
Service users**

**Gradual
deployment**

Services organised under three pillars

Knowledge-sharing

- Library of resources
- Online training modules
- Inspiring examples

Networking

- Online networking
- Events: high-level, stakeholder meetings, learning seminars

Benchlearning

- Targeted support and capacity building
- Excellency model
- Self-assessments and mutual learning
- Progress reviews

1. Example of support for Knowledge-sharing

Dynamic search function for quality-checked tools, knowledge and information

Online library of tools and resources

- Existing tools e.g. Apprenticeship Toolbox, ILO Toolkit for Quality Apprenticeships
- Key literature and reports on apprenticeships, including CEDEFOP reports
- Existing databases with interesting practices
- Relevant EU legislation and policy documents
- Links to national websites, key legislation and reports

2. Example of support for Networking

Promotion and delivery of content-rich networking supporting quality and effective apprenticeships

Support for EAfA events including in 2019:

- EAfA meeting in cooperation with the European Parliament: Mobility of Apprentices
- EAfA meeting in cooperation with the Czech Chamber of Commerce: The role of Chambers in apprenticeships and work-based learning
- 4th EAfA-ETF Regional Seminar Topic: Supporting candidate countries
- WorldSkills Coalition Conference: EAfA workshop

3. Support via Benchlearning

Identify needs and deliver targeted and sustained support

Support Member States to improve quality and efficiency of apprenticeships through:

- Establishment of an excellency model and indicators against which to measure progress, based on EFQEA
- Tools for self-assessment and targeted expert and peer support, including mutual learning

And more services to come!

Gradual deployment from early 2019...

**Modular online
training**

**Learning seminars,
webinars**

**Targeted support based
on benchlearning**

Inspiring practices

**Online networking
community**

**Monitoring and
progress reviews**

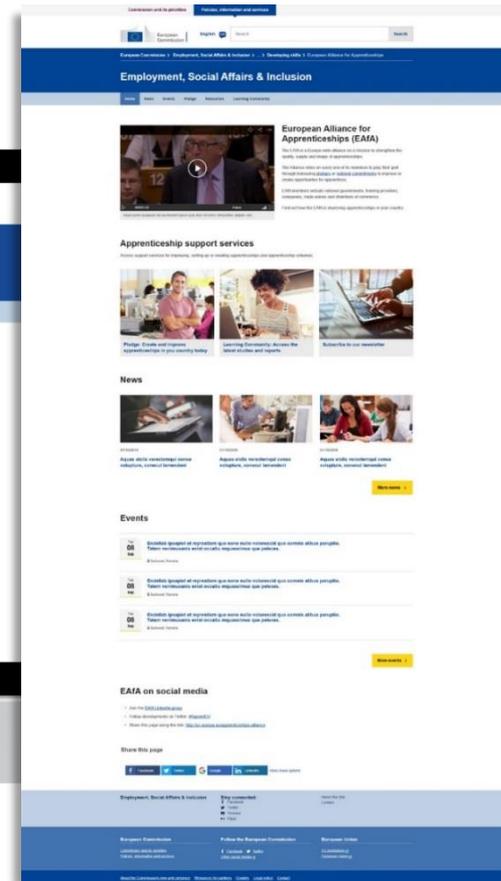

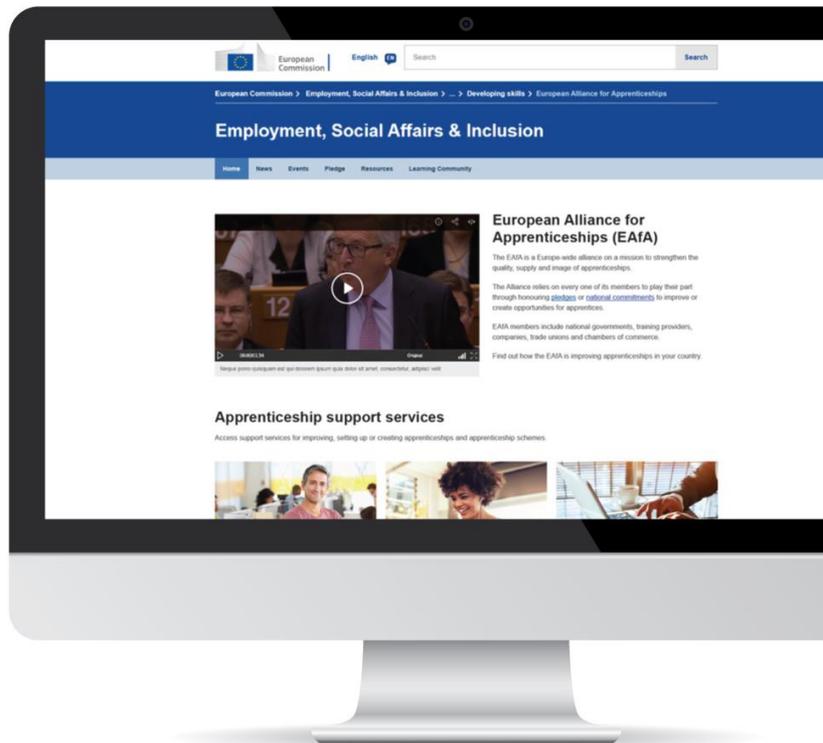

**Online resource
centre**

**Mutual learning
events**
