

With financial support from the
European Union Programme for Employment
and Social Innovation "EaSI" (2014-2020).

EaSI Annual Conference

Brussels 30th September 2019

TMS-YfEj Sweden

Introduction to TMS-YfEj

- Aim: increase mobility in EU/EES, tailor-made support to jobseeker and employer
- Response to: mismatch on EU labour market, employer hard to fill vacancies, jobseeker matching/placements
- Involved: consortium managed by Arbetsförmedlingen, PES/EURES SE, with 14 partners.
- Implemented: Start 2013, now 5th YfEj project, ending 2021. New TMS-YfEj?

Sustainability of results

- Sustainability: key factor throughout, quality recruitments and processing,
- Results: improved cooperation on EURES/PES level, opened doors, building trust, individual level support sustain businesses growth and national growth
- Without EaSI funding? EURES cooperation yes, but not financial support to individual and employer
- Scaled up? If EU system introduced
- Influenced policy level? Hard to say

Lessons learned

- Success factors for long-lasting results?
ensure good cooperation with EURES partners and network, foster quality employer collaborations, fair mobility, marketing, online tools
- Challenges: fluctuations in labour market needs, traineeships, digitalization not accessible to all
