

Intervision Platforms of Vocational Excellence

14 May 2020

Agenda

- Opening & welcome
- Mapping chances, opportunities and challenges
- Coffee break
- Business Canvas Model
- New Erasmus programme and EC support
- Wrap up & next steps

What would you like to keep from the Covid-19 situation?

What are your expectations for this meeting?

ideas to take home to our own project

To establish a regular flow of communication

new friends

Inspiration

Learn what support CoVE platforms need

Exchange of information and good practice

To know more about the other platforms of excellence.

Connecties Start for further collaboration

Learn about CoVEs

What are your expectations for this meeting?

Exchange of information

Idea how the projects are advancing

Get to know people better. Share experiences. Mobilise for action. Motivate.

Synergies, transfer of good practices, inspiring ideas

Check the possibility to Share ideas among coves

Exchange so far results, share goog cases, EC support, next steps for common collaboration

What support are needed

Synergies with other CoVEs

To get more information about how are other COVES facing the current situation and also the near future situation

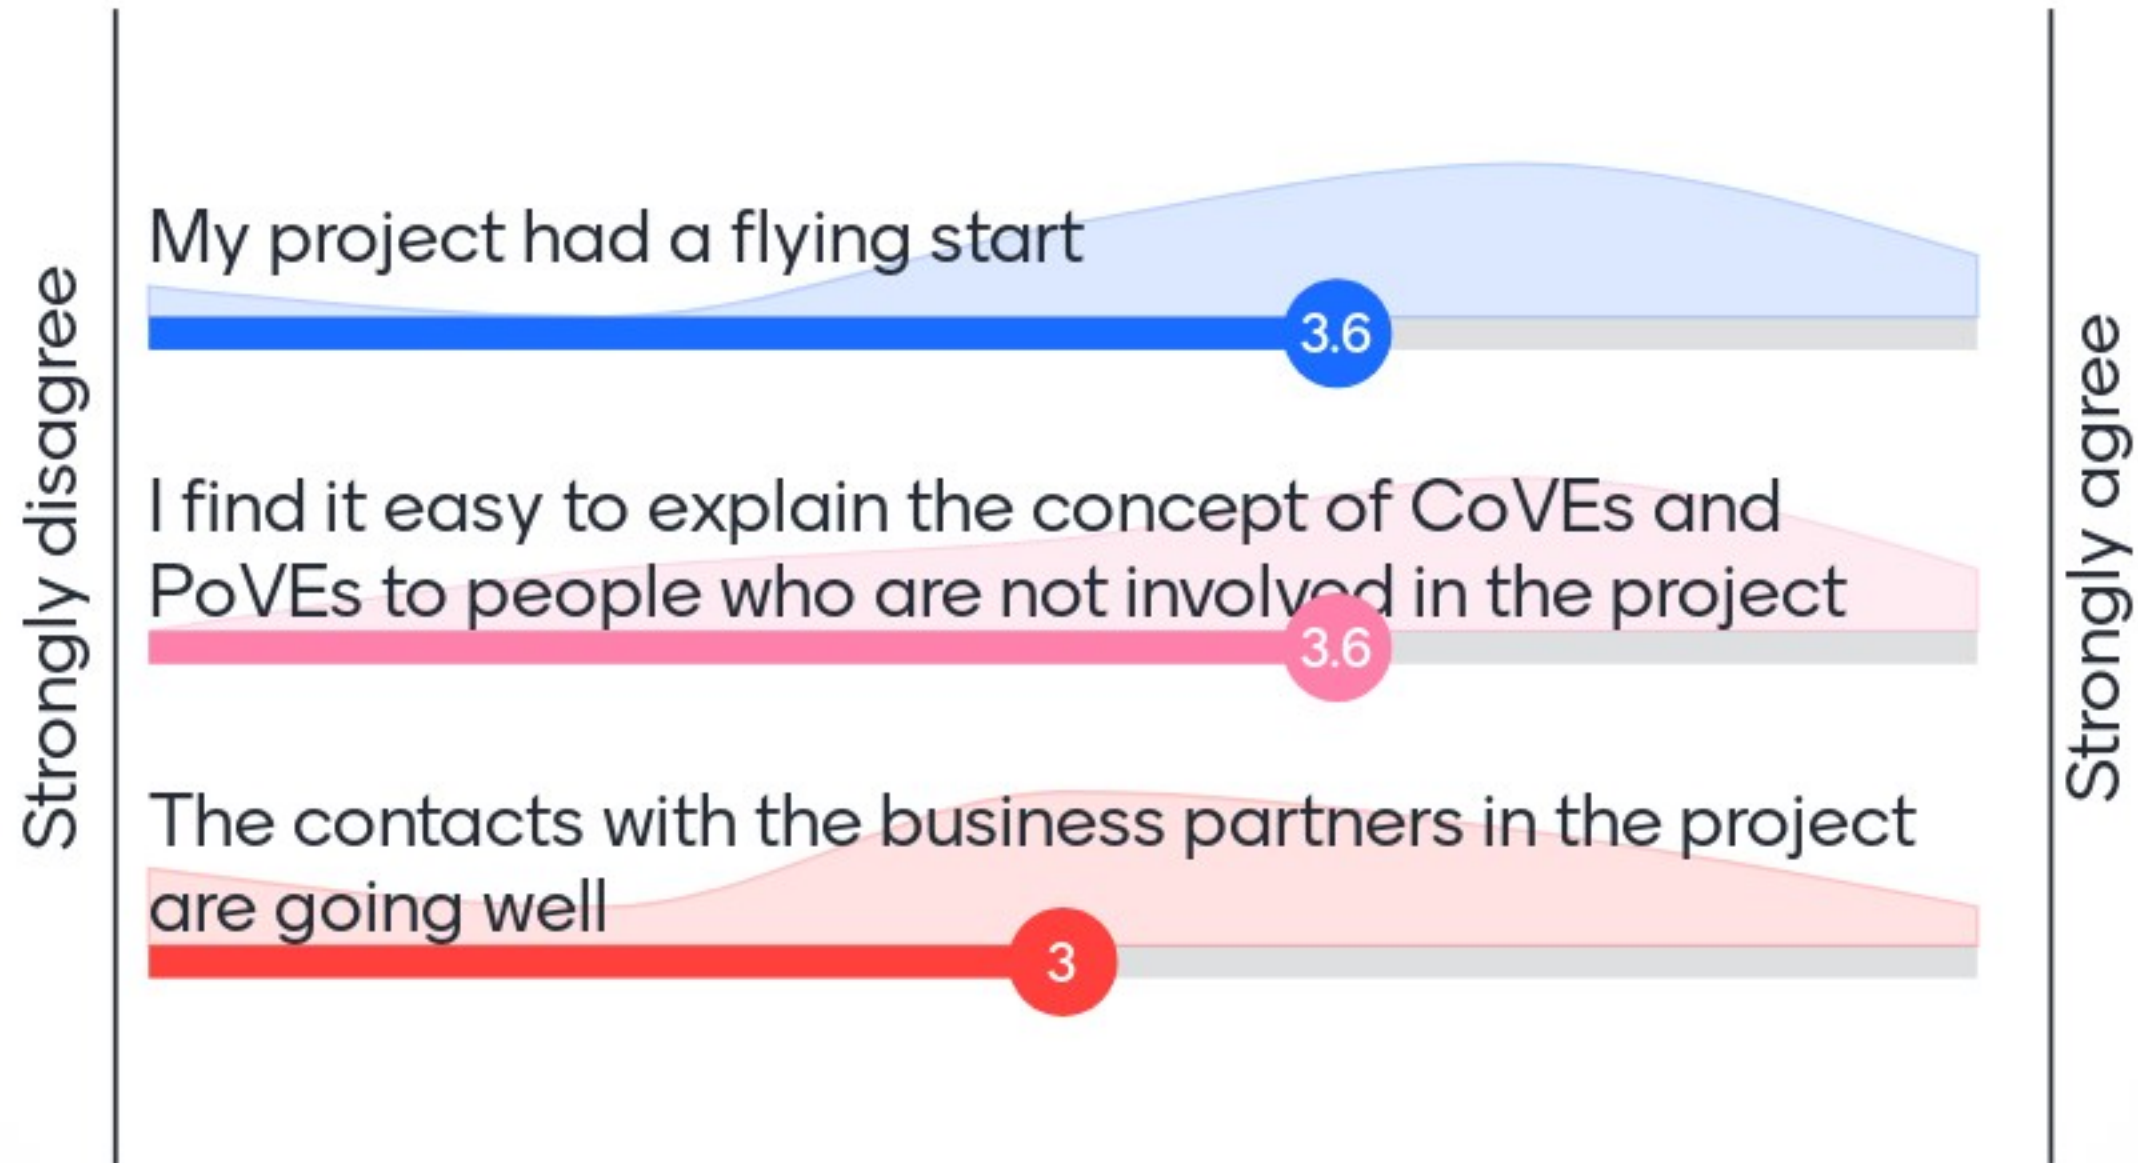

What are your expectations for this meeting?

A more clear understanding of VET center's potential, relying on best practices Also how we can highlight the importance of continuous learning to a wider audience
How can we avoid that regions do not use funds on education in a fruitful way

To what extent do you agree with the following statements?

What are your first experiences with your PoVE pilot project?

Which challenges do you currently encounter in your project?

Create a common language

Definitely more communication with the partners when first drafting the application. It would save time in the beginning. Next time more online meetings

Identifying the indicators for excellency

Do the same things but more careful withh staff composition

Develop a balanced perception

It should dedicate more time to write the applications in a more participatory way with all the partners In our case, also the definition of the stakeholders target is a real challenging since the CCI sector is extremely fragmented

Staffing should have been considered more carefully

Include a definition of the specific type pf platform we wklk create

Challenge the regional captains to improve the applications results of the workpakackages

Which challenges do you currently encounter in your project?

May be more analysis of needs stakeholders

Narrow the scope and be less generalistic

Support in developing digital platforms

One on one meetings with the regional captains

agree on potentials and aims of VET model in advance

Search for other platforms at EU level to avoid overlapping of activities

Have possibilities for more flexibility in content and financing

More involvement of ministries of MS

include maturity models towards the excellence

Which challenges do you currently encounter in your project?

to clearly differentiate the COVE initiative from other initiatives in Europe

Which kind of solutions do you see for these challenges?

Which tools are you using to collaborate online and would you recommend those tools?

How do you (plan to) engage with your skills ecosystem?

How will individuals in your skills ecosystem notice your PoVE is a success?

What are best practices in your project that you would like to share?

The requirements to be considered a centre of excellence in a specific sector

Planing the professional development

A co creation to launch a survey monkey

The coummunication tools

A strong management system to assist partners with project requirements, deadlines etc

Establishing the ecosystem with stakeholders and mapping the companies and IoT experts

We have a lot of active partners that are willing to share their knowledge and work together.

A network map with all partners connected to the website PoVE

Training for leadership

What are best practices in your project that you would like to share?

resilience to this new reality

A good kick off meeting to get to know partners and enough time to discuss.

focus groups meeting with industry

New ideas about education (AI, VR, ...), implementation of new technologies in education services

Facilitate and mediate the relationships and connections between WP leaders

Cooperation between the regions

Have an open and creative vision of educational experiences and tools

Do several projects together!

What are your experiences with the administrative side of the pilot project?

How will Covid-19 impact your project (as far as you can tell now)?

Erasmus update

- VET policy update
- E+ 2020 CoVE call
- CoVE Support Service
- New movie and website
- ETF self assesment tool

What kind of support would you like the EC to provide for the CoVEs

Would you like to 1. become an associate member, 2. receive the self assessment for trial use?

Wrap up and next steps

- Next meeting(s)?
- Tknika prososal: presentations of projects
- CoVE & friends meeting
- Business Canvas worksession
