## EU paves the way for the PES Network to continue its vital work in supporting unemployed people to find new jobs

On 11 November, the European Parliament agreed on a Commission proposal to continue the successful work of the EU Public Employment Services Network until 2027. This comes as an important decision as public employment services are currently playing a key social role in mitigating job losses suffered due to the COVID-19 pandemic. [See more](#)

### New practitioner toolkit on evidence-based services

Learn how to design and implement services that are flexible, evidence-based and focused on employment outcomes. [See more](#)

### Europe's PES offering a lifeline to SMEs and the self-employed

Discover the range of measures that PES introduced in reaction to the initial phase of COVID-19 lockdowns to support SMEs and the self-employed. [See more](#)
