

Application form - Pact for Skills

Fields marked with * are mandatory.

Introduction

The Pact for Skills is a shared engagement and approach to skills development. It is firmly anchored in the principles of the [European Pillar of Social Rights](#) and supports the goals of the [Green Deal](#) and the [digital transformation](#), as set out in the Commission communication “[A strong Social Europe for Just Transitions](#)”.

The Pact aims to mobilise and incentivise private and public stakeholders to take concrete action for the **up skilling and reskilling of people of working age**, and, when relevant, pool efforts in the partnerships.

The Pact can be joint by any private or public organisation or partnership of organisations which aim to upskill or reskill people of working age.

The organisation(s) need(s) to be based in one of the Member States, EFTA or candidate countries.

Joining the Pact:

1. All stakeholders joining the Pact **sign up to the Charter** and its key principles, which they agree to respect and uphold.
2. Signatories of the Pact are invited to **translate their engagement into concrete commitments** on upskilling and reskilling. Commitments must be in line with the key principles and can be built around a number of “enablers” that illustrate concrete ways of implementing the different principles.
3. Commitments are monitored by at least one **key performance indicator**, e.g. number of people taking part in upskilling or reskilling.

*** Give a short description of your organisation/partnership**

1000 character(s) maximum

Centre for Social Innovation (CSI) is a Research and Development organization which focuses on fostering social innovation that can bring about a positive change to local, national, regional and global contexts. CSI belief, is that the four pillars of Social Interaction, Education, Development and Economic Rationalization coupled with fundamentally sound and sustainable solutions as well as disruption to streamlined solutions to systemic social problems can lead to creative solutions that impact significant change to the social fabric of every society. CSI is working closely to address market, social, and cultural challenges with governments, local administrative agencies, civil societies, professional unions, youth organizations, and educational institutions. We identify and address systemic challenges through evidence based research, deployment of new technologies, and development of global, national, regional and local solutions.
