

Application form - Pact for Skills

Fields marked with * are mandatory.

Introduction

The Pact for Skills is a shared engagement and approach to skills development. It is firmly anchored in the principles of the [European Pillar of Social Rights](#) and supports the goals of the [Green Deal](#) and the [digital transformation](#), as set out in the Commission communication "[A strong Social Europe for Just Transitions](#)".

The Pact aims to mobilise and incentivise private and public stakeholders to take concrete action for the **up skilling and reskilling of people of working age**, and, when relevant, pool efforts in the partnerships.

Joining the Pact:

1. All stakeholders joining the Pact **sign up to the Charter** and its key principles, which they agree to respect and uphold.
2. Signatories of the Pact are invited to **translate their engagement into concrete commitments** on upskilling and reskilling. Commitments must be in line with the key principles and can be built around a number of "enablers" that illustrate concrete ways of implementing the different principles.
3. Commitments are monitored by at least one **key performance indicator**, e.g. number of people taking part in upskilling or reskilling.

Centro San Viator was founded in 1953 in the region of Encartaciones, in the province of Biscay (Spain). Centro San Viator offers training from Kinder Garden to VET(EQF 3, 4 &5) to meet the needs of more than 1000 students working with a staff of about 100 professionals. Our VET offer includes: Retail, Car Mechanics, Mechanization, Electronics-Electricity, Child Education and Geriatrics. We are a school with a strong social character and a priority objective: helping people with fewer opportunities, threatened by social exclusion. CSV receives about 150 students a year who have been in the educational system which has failed them. We have a department focusing on projects that ease the inclusion of different groups who are in exclusion (or at risk). From this area we implement tailor made training courses to increase the employability of these groups.
