

Application form - Pact for Skills

Fields marked with * are mandatory.

Introduction

The Pact for Skills is a shared engagement and approach to skills development. It is firmly anchored in the principles of the [European Pillar of Social Rights](#) and supports the goals of the [Green Deal](#) and the [digital transformation](#), as set out in the Commission communication "[A strong Social Europe for Just Transitions](#)".

The Pact aims to mobilise and incentivise private and public stakeholders to take concrete action for the **up skilling and reskilling of people of working age**, and, when relevant, pool efforts in the partnerships.

Joining the Pact:

1. All stakeholders joining the Pact **sign up to the Charter** and its key principles, which they agree to respect and uphold.
2. Signatories of the Pact are invited to **translate their engagement into concrete commitments** on upskilling and reskilling. Commitments must be in line with the key principles and can be built around a number of "enablers" that illustrate concrete ways of implementing the different principles.
3. Commitments are monitored by at least one **key performance indicator**, e.g. number of people taking part in upskilling or reskilling.

GAN is a global, business-driven alliance through which private sector companies, employer federations, international organizations and thought leaders work together to build connections and create strategies for the transitions from education and employment through work-based learning. We influence by leveraging the expertise of our founding partners, the International Organisation of Employers (IOE), International Labour Organization (ILO), the Organisation of Economic Co-operation and Development and Business at OECD (BIAC) and the practical experience of our company members. We build knowledge and inspire action by sharing real-world examples of effective workbased learning approaches that are being implemented by companies large and small across diverse sectors around the globe. Together with our members and partners, we implement initiatives that help remove barriers and create opportunities for work-based learning in 16 countries around the world.
