- TA and/or subcontracts for internal control:
  - TA can be used for internal control as long as it contributes to the implementation of the case.
- Digital skills as a horizontal element:
  - These skills must be included in the proposed measures. If the MS considers this is not necessary, an explanation must be provided.
- Inclusion of 2020 redundancies:
  - Workers made redundant in 2020 are eligible for EGF support if they were dismissed no earlier than 6 months before the start of the reference period.
