

# Application form - Pact for Skills

Fields marked with \* are mandatory.

## Introduction

---

The Pact for Skills is a shared engagement and approach to skills development. It is firmly anchored in the principles of the [European Pillar of Social Rights](#) and supports the goals of the [Green Deal](#) and the [digital transformation](#), as set out in the Commission communication “[A strong Social Europe for Just Transitions](#)”.

The Pact aims to mobilise and incentivise private and public stakeholders to take concrete action for the **up skilling and reskilling of people of working age**, and, when relevant, pool efforts in the partnerships.

The Pact can be joint by any private or public organisation or partnership of organisations which aim to upskill or reskill people of working age.

The organisation(s) need(s) to be based in one of the Member States, EFTA or candidate countries.

Joining the Pact:

1. All stakeholders joining the Pact **sign up to the Charter** and its key principles, which they agree to respect and uphold.
2. Signatories of the Pact are invited to **translate their engagement into concrete commitments** on upskilling and reskilling. Commitments must be in line with the key principles and can be built around a number of “enablers” that illustrate concrete ways of implementing the different principles.
3. Commitments are monitored by at least one **key performance indicator**, e.g. number of people taking part in upskilling or reskilling.

### \* Give a short description of your organisation/partnership

1000 character(s) maximum

The Municipality of Reggio Emilia is a local authority representing 172.000 inhabitants, dynamic tissues (16% of people has foreign origins), economical assets (Smes and cooperatives in key sectors as agrifood, mechanics/mechatronics, retails, services), investments in research/innovation (Innovation Park, Social Innovation Hub, Early childhood education), network of EU and international relations and projects (Reggio Emilia EU Flag of Honour). Due to the increase of vulnerabilities and new challenges (poverty within new sections of population, isolation of people, caring of elderly people, emersion of fragility connected with occupational changes, as green economy and industry 4.0), the Municipality has decided to invest in skills /competences to relaunch economy and social inclusion by promoting a pact to design concrete actions and tackle new poverty with a multistakeholders approach (ie. Public Health care system, University social sectors, educational actors, private companies)
