

Application form - Pact for Skills

Fields marked with * are mandatory.

Introduction

The Pact for Skills is a shared engagement and approach to skills development. It is firmly anchored in the principles of the [European Pillar of Social Rights](#) and supports the goals of the [Green Deal](#) and the [digital transformation](#), as set out in the Commission communication “[A strong Social Europe for Just Transitions](#)”.

The Pact aims to mobilise and incentivise private and public stakeholders to take concrete action for the **up skilling and reskilling of people of working age**, and, when relevant, pool efforts in the partnerships.

The Pact can be joint by any private or public organisation or partnership of organisations which aim to upskill or reskill people of working age.

The organisation(s) need(s) to be based in one of the Member States, EFTA or candidate countries.

Joining the Pact:

1. All stakeholders joining the Pact **sign up to the Charter** and its key principles, which they agree to respect and uphold.
2. Signatories of the Pact are invited to **translate their engagement into concrete commitments** on upskilling and reskilling. Commitments must be in line with the key principles and can be built around a number of “enablers” that illustrate concrete ways of implementing the different principles.
3. Commitments are monitored by at least one **key performance indicator**, e.g. number of people taking part in upskilling or reskilling.

PIMEC is the employers' association that represents the micro, small and medium-sized enterprises and the self-employed of Catalonia. Its origins date back to the year 1975, when it was constituted just at the start of the democratic transition. In 1994 it merged with the AEI (Independent Business Association) and in 1997 with the organisation SEFES.

PIMEC is formed by individual members (enterprises and the self-employed) and collective members (guilds and associations of sectoral or territorial enterprises). It defines itself as a multisector business confederation, autonomous and independent of any body, power or third institution. It funds itself with the fees of its members as well as the services it provides and the public and private projects in which it participates.
