Fields marked with * are mandatory.

Introduction

The Pact for Skills is a shared engagement and approach to skills development. It is firmly anchored in the principles of the [European Pillar of Social Rights](#) and supports the goals of the [Green Deal](#) and the [digital transformation](#), as set out in the Commission communication “[A strong Social Europe for Just Transitions](#)”.

The Pact aims to mobilise and incentivise private and public stakeholders to take concrete action for the **up skilling and reskilling of people of working age**, and, when relevant, pool efforts in the partnerships.

The Pact can be joint by any private or public organisation or partnership of organisations which aim to upskill or reskill people of working age.

The organisation(s) need(s) to be based in one of the Member States, EFTA or candidate countries.

Joining the Pact:

1. All stakeholders joining the Pact **sign up to the Charter** and its key principles, which they agree to respect and uphold.
2. Signatories of the Pact are invited to **translate their engagement into concrete commitments** on upskilling and reskilling. Commitments must be in line with the key principles and can be built around a number of “enablers” that illustrate concrete ways of implementing the different principles.
3. Commitments are monitored by at least one **key performance indicator**, e.g. number of people taking part in upskilling or reskilling.

ALL DIGITAL is a leading pan-European association based in Brussels, representing 70 member organisations that work with 20,000 digital competence centres, providing training and advice to 1.5 million people in Europe every year.

Our focus is to support Europeans who have an insufficient level of digital skills. This means they have less chances to find work, to use online services, to have a better quality of life, to be included in today's society. We believe that every European should be able to exploit the benefits and opportunities created by digital transformation.

Our mission is to empower our member organisations representing non-formal education providers to support millions of Europeans to succeed in the digital transformation by providing them with training and advice.
