

Application form - Pact for Skills

Fields marked with * are mandatory.

Introduction

The Pact for Skills is a shared engagement and approach to skills development. It is firmly anchored in the principles of the [European Pillar of Social Rights](#) and supports the goals of the [Green Deal](#) and the [digital transformation](#), as set out in the Commission communication “[A strong Social Europe for Just Transitions](#)”.

The Pact aims to mobilise and incentivise private and public stakeholders to take concrete action for the **up skilling and reskilling of people of working age**, and, when relevant, pool efforts in the partnerships.

The Pact can be joint by any private or public organisation or partnership of organisations which aim to upskill or reskill people of working age.

The organisation(s) need(s) to be based in one of the Member States, EFTA or candidate countries.

Joining the Pact:

1. All stakeholders joining the Pact **sign up to the Charter** and its key principles, which they agree to respect and uphold.
2. Signatories of the Pact are invited to **translate their engagement into concrete commitments** on upskilling and reskilling. Commitments must be in line with the key principles and can be built around a number of “enablers” that illustrate concrete ways of implementing the different principles.
3. Commitments are monitored by at least one **key performance indicator**, e.g. number of people taking part in upskilling or reskilling.

Information on the organisation/partnership

*** You apply:**

- on your own (as one organisation)
- in partnership

*** Organisation/partnership name:**

Circular Economy Research Center (CERC)

*** Country/ies in which the organisation/partnership operates:**

France

*** Contact person(s), title(s):**

Dr. Giorgos Demetriou, Director CERC - Circular Economy Research Center

*** Email to contact person:**

g.demetriou@pontsbschool.com

Website of the organisation/partnership:

<https://pontsbschool.com/faculty-research/circular-economy-research-center-cerc/>

Logo of the organisation/partnership:

The maximum file size is 1 MB.

The logo will be presented on the webpage together with the commitment.

| <input type="checkbox"/> Digital | <input checked="" type="checkbox"/> N/A | <input type="checkbox"/> Tourism |

*** Give a short description of your organisation/partnership**

1000 character(s) maximum

École des Ponts Business School is an internationally-accredited business school located only 25 minutes from the center of Paris at the main campus of Ecole nationale des ponts et chaussées also known as Ecole des Ponts ParisTech. École des Ponts Business School's approach is based on that of our Alma Mater or mother school, Ecole nationale des ponts et chaussées (also known as Ecole des Ponts ParisTech), which was created by King Louis XV in 1747. The school is the first civil engineering school in the world and one of France's Grandes Ecoles (Ivy-Leagues), renowned for the excellence of its education.

We at École des Ponts Business School are leading and supporting novel research initiatives dedicated to designing new multidisciplinary business models. Our research interests are founded in groundbreaking thinking on innovation and entrepreneurship, leadership and talent management, circular economy and sustainable development, digital transformation and change.

Please list all the partners:

If you have more partners than 20 please contact us at EC-PACT-FOR-SKILLS@ec.europa.eu. We will increase the number of rows.

	Name of the partner	Short description (e.g. company, training provider, sectoral organisation)	Role in the partnership
1	Circular Economy Alliance	Circular Economy Alliance (CEA) brings together stakeholders with a genuine interest in the domain with a view to support the transition from a linear to a circular economy. Such transition needs to be expedited given the current scarcity of resources and severe environmental impact from the current linear model. The transition can only be expedited in a focused and targeted way from the actual users and beneficiaries. Therefore an alliance of stakeholders coming from industrial, academic, consumer organisations and many others can enable this bottom-up transformation by identifying gaps, defining requirements, proposing solutions, sharing expertise in enhancing the efforts in upskilling and reskilling of people at any working level and age.	CEA will support the capacity building through the alliance of establishments that exist in their growing network. The will facilitate the downstream fusion of the knowledge developed by the École des Ponts Business School as well as the upstream of requirements for knowledge, training and education by the users.
