

Application form - Pact for Skills

Fields marked with * are mandatory.

Introduction

The Pact for Skills is a shared engagement and approach to skills development. It is firmly anchored in the principles of the [European Pillar of Social Rights](#) and supports the goals of the [Green Deal](#) and the [digital transformation](#), as set out in the Commission communication “[A strong Social Europe for Just Transitions](#)”.

The Pact aims to mobilise and incentivise private and public stakeholders to take concrete action for the **up skilling and reskilling of people of working age**, and, when relevant, pool efforts in the partnerships.

The Pact can be joint by any private or public organisation or partnership of organisations which aim to upskill or reskill people of working age.

The organisation(s) need(s) to be based in one of the Member States, EFTA or candidate countries.

Joining the Pact:

1. All stakeholders joining the Pact **sign up to the Charter** and its key principles, which they agree to respect and uphold.
2. Signatories of the Pact are invited to **translate their engagement into concrete commitments** on upskilling and reskilling. Commitments must be in line with the key principles and can be built around a number of “enablers” that illustrate concrete ways of implementing the different principles.
3. Commitments are monitored by at least one **key performance indicator**, e.g. number of people taking part in upskilling or reskilling.

The FEDE is a Swiss non-governmental organisation with a strong presence in France and French-speaking territories, holding participatory status at the Council of Europe and consultative status at UNESCO. It brings together almost 500 educational and training institutions across 41 (mostly European) countries. It offers specialised educational programmes, firmly anchored in European values, from which around 10,000 learners graduate each year; graduates join a network of some 400,000 people. The FEDE's 140 degrees are based on a specially designed modular framework that is common to each of 12 fields of job-oriented study: commerce, human resources, design, IT, tourism, logistics, agriculture, and many more. The FEDE wishes to build partnerships so as to boost the employment prospects of young people and of FEDE students in particular. We aim to expand our European network to generate synergy between FEDE members, businesses and public authorities at both the French and EU levels.
