Fields marked with \* are mandatory.

## Introduction

---

The Pact for Skills is a shared engagement and approach to skills development. It is firmly anchored in the principles of the [European Pillar of Social Rights](#) and supports the goals of the [Green Deal](#) and the [digital transformation](#), as set out in the Commission communication “[A strong Social Europe for Just Transitions](#)”.

The Pact aims to mobilise and incentivise private and public stakeholders to take concrete action for the **up skilling and reskilling of people of working age**, and, when relevant, pool efforts in the partnerships.

The Pact can be joint by any private or public organisation or partnership of organisations which aim to upskill or reskill people of working age.

The organisation(s) need(s) to be based in one of the Member States, EFTA or candidate countries.

Joining the Pact:

1. All stakeholders joining the Pact **sign up to the Charter** and its key principles, which they agree to respect and uphold.
2. Signatories of the Pact are invited to **translate their engagement into concrete commitments** on upskilling and reskilling. Commitments must be in line with the key principles and can be built around a number of “enablers” that illustrate concrete ways of implementing the different principles.
3. Commitments are monitored by at least one **key performance indicator**, e.g. number of people taking part in upskilling or reskilling.

The APS BRAINERY ACADEMY is a non-profit cultural association born in Udine, thanks to the will of a group of university students and volunteer professionals, from the world of business and education who came from different associations and felt the need to make available their knowledge and skills, acquired both in a formal and informal and non-formal way, for a wider audience. Courses are held to deal with and deepen different topics, mostly based on specific requests from the public. Furthermore, conferences and debates are organized on current topics. The Association is active in planning at local, regional, national and European level by participating in numerous calls for adult education in a non-formal context. It is currently the leader of a European project. In the past with the Grundtvig program we have been the leader of a project on healthy styles; the project was then chosen to be presented at the Milan EXPO in 2015. The writer was also appointed EPALE Ambassador.
