Fields marked with * are mandatory.

Introduction

The Pact for Skills is a shared engagement and approach to skills development. It is firmly anchored in the principles of the [European Pillar of Social Rights](#) and supports the goals of the [Green Deal](#) and the [digital transformation](#), as set out in the Commission communication “[A strong Social Europe for Just Transitions](#)”.

The Pact aims to mobilise and incentivise private and public stakeholders to take concrete action for the **up skilling and reskilling of people of working age**, and, when relevant, pool efforts in the partnerships.

The Pact can be joint by any private or public organisation or partnership of organisations which aim to upskill or reskill people of working age.

The organisation(s) need(s) to be based in one of the Member States, EFTA or candidate countries.

Joining the Pact:

1. All stakeholders joining the Pact **sign up to the Charter** and its key principles, which they agree to respect and uphold.
2. Signatories of the Pact are invited to **translate their engagement into concrete commitments** on upskilling and reskilling. Commitments must be in line with the key principles and can be built around a number of “enablers” that illustrate concrete ways of implementing the different principles.
3. Commitments are monitored by at least one **key performance indicator**, e.g. number of people taking part in upskilling or reskilling.

#TurismoRESET is a collective of professionals from the tourism sector set up at the beginning of the pandemic with two main objectives. First, to help solve the lack of union and defragmentation within the tourism sector, and to that aim, we built up a community embracing a wide and diverse representation of stakeholders involved in the tourism sector: public and private sector, academia, as well as tourists and citizens, all advocating for a better tourism. The second objective is to raise awareness and advocate for a truly sustainable tourism, evolving to a sector capable to respond to the global challenges we are facing as an industry and as a society. We also came up with a Manifesto for a new tourism committed to sustainability, a document intended to be a roadmap for the recovery from a sustainable and responsible perspective. We have nearly 1.200 supports from 35 different countries.
