

Application form - Pact for Skills

Fields marked with * are mandatory.

Introduction

The Pact for Skills is a shared engagement and approach to skills development. It is firmly anchored in the principles of the [European Pillar of Social Rights](#) and supports the goals of the [Green Deal](#) and the [digital transformation](#), as set out in the Commission communication “[A strong Social Europe for Just Transitions](#)”.

The Pact aims to mobilise and incentivise private and public stakeholders to take concrete action for the **up skilling and reskilling of people of working age**, and, when relevant, pool efforts in the partnerships.

The Pact can be joint by any private or public organisation or partnership of organisations which aim to upskill or reskill people of working age.

The organisation(s) need(s) to be based in one of the Member States, EFTA or candidate countries.

Joining the Pact:

1. All stakeholders joining the Pact **sign up to the Charter** and its key principles, which they agree to respect and uphold.
2. Signatories of the Pact are invited to **translate their engagement into concrete commitments** on upskilling and reskilling. Commitments must be in line with the key principles and can be built around a number of “enablers” that illustrate concrete ways of implementing the different principles.
3. Commitments are monitored by at least one **key performance indicator**, e.g. number of people taking part in upskilling or reskilling.

Bantani Education is a non-profit based in Belgium, working collaboratively to drive entrepreneurial and creative learning. By bringing together extensive policy and practical experience, we work with public, community and private sector partners to embed entrepreneurial skills into all type of learning. Our co-founders and network of associates, working from across Europe work to build collaborations and initiatives involving policy makers, educators, community and the private sector, to embed high quality entrepreneurial and creative learning practice and policy into formal and non-formal learning.

In todays' world, entrepreneurial skills are now basic skills that every learner needs to create their own future. We are passionate about sharing the message on entrepreneurial learning – this is not about start-up but instead about building these as life skills into any and all types of education.

Bantani is currently working as partner on several international projects.
