

Application form - Pact for Skills

Fields marked with * are mandatory.

Introduction

The Pact for Skills is a shared engagement and approach to skills development. It is firmly anchored in the principles of the [European Pillar of Social Rights](#) and supports the goals of the [Green Deal](#) and the [digital transformation](#), as set out in the Commission communication “[A strong Social Europe for Just Transitions](#)”.

The Pact aims to mobilise and incentivise private and public stakeholders to take concrete action for the **up skilling and reskilling of people of working age**, and, when relevant, pool efforts in the partnerships.

The Pact can be joint by any private or public organisation or partnership of organisations which aim to upskill or reskill people of working age.

The organisation(s) need(s) to be based in one of the Member States, EFTA or candidate countries.

Joining the Pact:

1. All stakeholders joining the Pact **sign up to the Charter** and its key principles, which they agree to respect and uphold.
2. Signatories of the Pact are invited to **translate their engagement into concrete commitments** on upskilling and reskilling. Commitments must be in line with the key principles and can be built around a number of “enablers” that illustrate concrete ways of implementing the different principles.
3. Commitments are monitored by at least one **key performance indicator**, e.g. number of people taking part in upskilling or reskilling.

Rolls-Royce pioneers cutting-edge technologies that deliver clean, safe and competitive solutions to meet our planet’s vital power needs.

We are committed to creating an environment where every employee can reach his or her full potential, by encouraging diversity, wellbeing and development.

We continue to develop our employee base, ensuring we have the right skills for our business today and the right capabilities for the future. Our people strategy focuses on three key areas:

Enabling business transformation – Embedding a simpler organisation to introduce greater performance enablement, helping our people achieve their potential every day.

Building strategic capabilities – Developing key organisational, leadership, technical and functional capabilities for future performance and growth.

Creating a lean, agile, high performance culture – Achieving our strategic goals requires that we have the right cultural elements that support our workforce to be enabled, engaged and energised
