

# Application form - Pact for Skills

Fields marked with \* are mandatory.

## Introduction

---

The Pact for Skills is a shared engagement and approach to skills development. It is firmly anchored in the principles of the [European Pillar of Social Rights](#) and supports the goals of the [Green Deal](#) and the [digital transformation](#), as set out in the Commission communication “[A strong Social Europe for Just Transitions](#)”.

The Pact aims to mobilise and incentivise private and public stakeholders to take concrete action for the **up skilling and reskilling of people of working age**, and, when relevant, pool efforts in the partnerships.

The Pact can be joint by any private or public organisation or partnership of organisations which aim to upskill or reskill people of working age.

The organisation(s) need(s) to be based in one of the Member States, EFTA or candidate countries.

Joining the Pact:

1. All stakeholders joining the Pact **sign up to the Charter** and its key principles, which they agree to respect and uphold.
2. Signatories of the Pact are invited to **translate their engagement into concrete commitments** on upskilling and reskilling. Commitments must be in line with the key principles and can be built around a number of “enablers” that illustrate concrete ways of implementing the different principles.
3. Commitments are monitored by at least one **key performance indicator**, e.g. number of people taking part in upskilling or reskilling.

*1000 character(s) maximum*

The partnership aims to stimulate cross-border operations for mutual and cooperatives to enable them use the full potential of the internal market in order to expand the activities of social economy, through interregional collaboration activities. The partnership intends to deal with several challenges related to Smart Specialisation Strategy (S3) and social economy such as, how to:

- develop social economy clusters
- create European value chains of social economy enterprises belonging to different regions in Europe
- improve the cooperation between enterprises and other territorial actors, especially those who have technological and innovative competences

The sector accounts for 2 million businesses, representing 10% of all European enterprises, and employ over 14 million paid employees (6.5% of the working population in the EU). The partnership aims to create an European Business School on Social Economy (EBSSE) contributes to the common objective of promoting industrialization
