

Application form - Pact for Skills

Fields marked with * are mandatory.

Introduction

The Pact for Skills is a shared engagement and approach to skills development. It is firmly anchored in the principles of the [European Pillar of Social Rights](#) and supports the goals of the [Green Deal](#) and the [digital transformation](#), as set out in the Commission communication “[A strong Social Europe for Just Transitions](#)”.

The Pact aims to mobilise and incentivise private and public stakeholders to take concrete action for the **up skilling and reskilling of people of working age**, and, when relevant, pool efforts in the partnerships.

The Pact can be joint by any private or public organisation or partnership of organisations which aim to upskill or reskill people of working age.

The organisation(s) need(s) to be based in one of the Member States, EFTA or candidate countries.

Joining the Pact:

1. All stakeholders joining the Pact **sign up to the Charter** and its key principles, which they agree to respect and uphold.
2. Signatories of the Pact are invited to **translate their engagement into concrete commitments** on upskilling and reskilling. Commitments must be in line with the key principles and can be built around a number of “enablers” that illustrate concrete ways of implementing the different principles.
3. Commitments are monitored by at least one **key performance indicator**, e.g. number of people taking part in upskilling or reskilling.

Information on the organisation/partnership

*** You apply:**

- on your own (as one organisation)
- in partnership

*** Organisation/partnership name:**

EuropeOn - European association of electrical contractors

*** What type of stakeholder does your organisation represent?**

| <input type="checkbox"/> Digital | <input type="checkbox"/> N/A | <input type="checkbox"/> Tourism |

* Give a short description of your organisation/partnership

1000 character(s) maximum

EuropeOn, the European Association of Electrical Contractors, has acted as a forum for our sector and carried its voice to the European level since 1954, engaging in climate, energy, buildings, mobility & skills policies. The energy and digital transitions have made skills a most pressing topic for our trade. Hence, EuropeOn launched the #Skills4Climate campaign in 2019 to reach out to EU policymakers and fellow actors of the value chain to raise awareness on the skills needs in the electrical sector. We have been engaging at an early stage with the Commission on the Pact for Skills. In line with the Pact, our members are taking action at national level with a focus on 1/ improving the image of the profession, 2/ developing (up)skilling programs for the twin transitions, 3/ attracting underrepresented groups in our sector such as women, 4/ re-skilling workers from other sectors. Our members are keen to cooperate with EU institutions to secure the skills needed for the twin transitions.

Signing up to the Charter

Please confirm your organisation/partnership subscribes to the [Charter of the Pact for Skills](#), understand and share the principles of quality upskilling and reskilling. Signature of the Charter does not constitute an endorsement of the signatory organisation and its activities by the European Commission.

Commitment

* Would you like to join the Pact with concrete commitment?

Commitment is a concrete action (set of actions), which aims to upskill or reskill people of working age. In the file you can find a [non-exhaustive list of actions](#) that could be implemented under the Pact for Skills.

- Yes
 No

Non-exhaustive list of actions that could be implemented under the Pact for Skills.
