

Application form - Pact for Skills

Fields marked with * are mandatory.

Introduction

The Pact for Skills is a shared engagement and approach to skills development. It is firmly anchored in the principles of the [European Pillar of Social Rights](#) and supports the goals of the [Green Deal](#) and the [digital transformation](#), as set out in the Commission communication “[A strong Social Europe for Just Transitions](#)”.

The Pact aims to mobilise and incentivise private and public stakeholders to take concrete action for the **up skilling and reskilling of people of working age**, and, when relevant, pool efforts in the partnerships.

The Pact can be joint by any private or public organisation or partnership of organisations which aim to upskill or reskill people of working age.

The organisation(s) need(s) to be based in one of the Member States, EFTA or candidate countries.

Joining the Pact:

1. All stakeholders joining the Pact **sign up to the Charter** and its key principles, which they agree to respect and uphold.
2. Signatories of the Pact are invited to **translate their engagement into concrete commitments** on upskilling and reskilling. Commitments must be in line with the key principles and can be built around a number of “enablers” that illustrate concrete ways of implementing the different principles.
3. Commitments are monitored by at least one **key performance indicator**, e.g. number of people taking part in upskilling or reskilling.

1000 character(s) maximum

BACEB was launched 2019 year in order to work towards transforming the linear business models into circular ones in the agricultural, food, and feed sectors in Bulgaria.

Our mission completely coincides with the goals and objectives described in the EU Green Deal, the strategy "From Farm 2 Fork" and the One Health Approach.

BACEB works together with the state and European bodies in the direction of implementation and utilization of the opportunities of the circular economy for the Bulgarian business in order to increase the innovative performance of our country through open procedures for implementation of innovations in enterprises, for development of innovations by start-ups for the programming period of Horizon Europe 2021 - 2027, together with the scientific community in the field of agro & biotechnologies, and IoT.

We have experience in more than 20 projects in the field of the circular economy, bio-technologies, IoT, Agri 4.0, all of them focused on results of zero pollution.

Signing up to the Charter

- Please confirm your organisation/partnership subscribes to the [Charter of the Pact for Skills](#), understand and share the principles of quality upskilling and reskilling. Signature of the Charter does not constitute an endorsement of the signatory organisation and its activities by the European Commission.
