Fields marked with \* are mandatory.

## Introduction

---

The Pact for Skills is a shared engagement and approach to skills development. It is firmly anchored in the principles of the European Pillar of Social Rights ([https://ec.europa.eu/info/strategy/priorities-2019-2024/economy-works-people/deeper-and-fairer-economic-and-monetary-union/european-pillar-social-rights\\_en](https://ec.europa.eu/info/strategy/priorities-2019-2024/economy-works-people/deeper-and-fairer-economic-and-monetary-union/european-pillar-social-rights_en)) and supports the goals of the Green Deal ([https://ec.europa.eu/info/strategy/priorities-2019-2024/european-green-deal\\_en](https://ec.europa.eu/info/strategy/priorities-2019-2024/european-green-deal_en)) and the digital transformation ([https://ec.europa.eu/info/strategy/priorities-2019-2024/europe-fit-digital-age/shaping-europe-digital-future\\_en](https://ec.europa.eu/info/strategy/priorities-2019-2024/europe-fit-digital-age/shaping-europe-digital-future_en)), as set out in the Commission communication “A strong Social Europe for Just Transitions ([https://ec.europa.eu/commission/presscorner/detail/en/qanda\\_20\\_20](https://ec.europa.eu/commission/presscorner/detail/en/qanda_20_20))”.

The Pact aims to mobilise and incentivise private and public stakeholders to take concrete action for the **upskilling and reskilling of people of working age**, and, when relevant, pool efforts in the partnerships.

The Pact can be joint by any private or public organisation or partnership of organisations which aim to upskill or reskill people of working age.

The organisation(s) need(s) to be based in one of the Member States, EFTA or candidate countries.

Joining the Pact:

1. All stakeholders joining the Pact **sign up to the Charter** and its key principles, which they agree to respect and uphold.

2. Signatories of the Pact are invited to **translate their engagement into concrete commitments** on upskilling and reskilling. Commitments must be in line with the key principles and can be built around a number of “enablers” that illustrate concrete ways of implementing the different principles.
3. Commitments are monitored by at least one **key performance indicator**, e.g. number of people taking part in upskilling or reskilling.

**\*Give a short description of your organisation/partnership**

EVM defines itself as an SME with a "spirit of change", which designs and executes its projects from the commitment to provide value and generate impact on the welfare of people, making this premise the basis of their relationships. Since its inception in 2008, EVM did not want to be a company to use. The majority of the work team that began this journey was formed by people with experience in public administration who decided to bet for a change of the public from the private. The figure of the "company" not only allowed a greater degree of flexibility in a context of economic crisis but, more importantly, facilitated the capitalization of knowledge of the team and allocated part of the business benefit to generate real social innovation. EVM's philosophy is based on a series of principles and values that guide our way of being and doing. We are passionate about delivering results, not reports.
